### **CPT/HCPCS 2024 Coding Updates**

#### **Summary**

In accordance with 101 CMR 316.01(5) and (6), 101 CMR 317.01(5) and (6), and 101 CMR 318.01(5) and (6), the Executive Office of Health and Human Services (EOHHS) is adding new service codes and deleting outdated codes, effective for dates of service on and after January 1, 2024. The following lists specify those codes that have been added and deleted, which are followed by crosswalks identifying replacement codes for applicable deleted codes. For entirely new codes that require new pricing and have Medicare-assigned relative value units (RVUs), rates are calculated according to the rate methodology used in setting physician rates. Rates for new codes with one-to-one crosswalks to deleted codes are set at the rate of the deleted code. All other codes listed in this bulletin that require pricing are paid at individual consideration (I.C.). Rates listed in this administrative bulletin are applicable until revised rates are issued by EOHHS. Deleted codes are not available for use for dates of service after December 31, 2023.
