101 CMR 304.00: *Rates for Community Health Centers*

Effective November 1, 2025

Coding Update for Services Provided by Certified Nurse Midwives and Obstetrician Gynecologists in Community Health Centers

Background

Notwithstanding 101 CMR 304.00: *Rates for Community Health Centers* or Subchapter 6 of the *MassHealth Community Health Center Provider Manual*, the Executive Office of Health and Human Services (EOHHS) is updating the appropriate use of CPT code T1015 with modifier TH by community health centers (CHCs). Specifically, effective November 1, 2025, EOHHS is updating the description for CHCs' use of T1015-TH as follows.

CPT code	Current description (through October 31, 2025)	New description (as of November 1, 2025)
T1015-TH	Use for a medical visit with a nurse midwife for a prenatal or postpartum service	Use for all individual medical visits with a certified nurse midwife or obstetrician gynecologist

Effective November 1, 2025, all individual medical visits billed by a CHC using CPT code T1015 for services performed by a certified nurse midwife or obstetrician gynecologist must be accompanied by the TH modifier. The TH modifier must be used for all such visits, regardless of whether the service performed was related to prenatal or postpartum care.

This change will be reflected in the next update to Subchapter 6 of the *MassHealth Community Health Center Provider Manual*. There will be no change to the allowable fee for T1015-TH.
