### **101 CMR 322.00: *Rates for Durable Medical Equipment, Oxygen and Respiratory Therapy Equipment***

Effective April 1, 2025

### **Coding Updates for Certain Durable Medical Equipment, Oxygen and Respiratory Therapy Equipment**

#### **Summary**

The Executive Office of Health and Human Services (EOHHS) is adding new procedure codes, deleting outdated codes, and updating narratives for certain codes contained in 101 CMR 322.00: *Rates for Durable Medical Equipment, Oxygen and Respiratory Therapy Equipment*. These updates are effective for dates of service on or after April 1, 2025, and are in accordance with 101 CMR 322.01(6): *Coding Updates and Corrections*.

The table below lists specific codes that have been added, deleted, or have revised code descriptions.

For entirely new codes with associated Medicare fees, payment rates are set at a percentage of prevailing Medicare fees, as described in 101 CMR 322.03(16)(a). For new codes where Medicare fees are unavailable, individual consideration (IC) is applied to establish payment, as described in 101 CMR 322.03(16)(b). Rates listed in this administrative bulletin apply until revised rates are issued by EOHHS.

The appearance of a code in the tables below does not constitute authorization for, or approval of, the procedures or services for which rates are determined pursuant to 101 CMR 322.00. Governmental units that purchase care are responsible for the definition, authorization, and approval of care to publicly aided individuals.
