RE: Rate Increases and Reporting Requirements for Certain Home-and Community-Based Services Related to Section 9817 of the American Rescue Plan Act

Introduction

The Executive Office of Health and Human Services (EOHHS) has established enhanced rates for certain home and community-based services (HCBS), including MassHealth-covered Adult Day Health (ADH) services, under 101 CMR 447.00: *Rates for Certain Home-and Community-based Services Related to Section 9817 of the American Rescue Plan Act* for dates of service beginning July 1, 2021, through December 31, 2021.

These enhanced rates have been established to advance the Commonwealth's initiatives related to Section 9817 of the American Rescue Plan Act. Specifically, these enhanced rates promote workforce development, strengthen the HCBS workforce, and address reduced utilization of day program services during the continued federal public health emergency.

This bulletin sets forth the enhanced rates and billing instructions in effect for MassHealth-covered ADH services for dates of service beginning July 1, 2021, through December 31, 2021, and the required provider attestation and reporting requirements regarding use of the funds associated with the add-on for workforce development established under 101 CMR 447.00.

Enhanced ADH Rates and Billing Instructions for Dates of Service from July 1, 2021, through December 31, 2021

Enhanced Rates

To address reduced utilization of day program services during the continued federal public health emergency, rates for the following services are being established in 101 CMR 447.00 at an amount 25% higher than the existing rates for these services as established in 101 CMR 310.00: *Rates for Adult Day Health Services*. Enhanced funding attributable to the 25% rate increase to address reduced utilization of these services is not subject to the allowable use, attestation, and spending report requirements set forth in this bulletin.

In addition, EOHHS is establishing a 10% rate add-on to promote workforce development and strengthen the HCBS workforce during the continued federal public health emergency.
