FROM: Amanda Cassel Kraft, Assistant Secretary for MassHealth 

RE: **Extension of Rate Increases and Reporting Requirements for Certain Home- and Community-Based Services Related to Section 9817 of the American Rescue Plan Act**

Introduction

The Executive Office of Health and Human Services (EOHHS) established enhanced rates for certain home and community-based services (HCBS), including MassHealth-covered Adult Day Health (ADH) services, under 101 CMR 447.00: *Rates for Certain Home- and Community-based Services Related to Section 9817 of the American Rescue Plan Act* for dates of service beginning July 1, 2021, through December 31, 2021.

EOHHS is extending enhanced rates for ADH services through June 30, 2022. This bulletin sets forth the enhanced rates and billing instructions in effect for MassHealth-covered ADH services for dates of service beginning January 1, 2022, through June 30, 2022, and provides additional information about the required provider attestation and reporting requirements regarding use of the funds associated with the add-on for workforce development established under 101 CMR 447.00.

Enhanced ADH Rates and Billing Instructions for Dates of Service from January 1, 2022, through June 30, 2022

Enhanced Rates

To address reduced utilization of day program services during the continued federal public health emergency, rates for the following services are being established in 101 CMR 447.00 at an amount 15% higher than the existing rates for these services as established in 101 CMR 310.00: *Rates for Adult Day Health Services*. Enhanced funding attributable to the 15% rate increase to address reduced utilization of these services is not subject to the allowable use, attestation, and spending report requirements set forth in this bulletin.

In addition, EOHHS is continuing the 10% workforce development rate add-on through June 30, 2022. With these two rate enhancements, the following rates will be in effect beginning January 1, 2022, through June 30, 2022.
