

Aeronautics Report

Acting Administrator Denise Garcia

March 19, 2025

Table of Contents

- 3 NASAO Legislative Conference
- 4 Aviation Education STEM Outreach
- 5 Aircraft Registration
- 6 Advanced Air Mobility Task Force (AAM/ITF)

NASAO Legislative Conference

Exploring policy priorities and challenges ahead

3

- AAM multi-state collaborative
- Emerging Aeronautics and airspace
- NASAO committees
- Aviation training program
- Airport advocacy

Aviation Educational STEM Outreach

Introducing aviation to the next generation

4

- Provides early introduction to aviation
- Real World Design Challenge opportunities
- Supports activities of local nonprofits promoting STEM activities – Girls, Inc., Empower Yourself
- Participation in school district Career Day events
- Collaborates in development of Aircraft Maintenance Technician (AMT) programs

Aircraft Registration

Reformed process to improve efficiency and experience

5

- Converted to a fully “paperless” process
- Over 80% of 2024 aircraft registered in first 70 days of 2025
- 1,482 registrations to date with \$245,675 fees collected
- 98.5% of registration fees paid electronically

Advanced Air Mobility Integrated Task Force (AAM/ITF)

MassDOT Aeronautics participates in Massachusetts AAM/ITF meeting and activities

6

- Industry-led ITF collaboration
- Strategic Initiatives and technology integration
- Positions Massachusetts as a leader in Nextgen transportation
- Collaboration on FAA Engineering brief 105
- Alignment with Federal standards and advancements

Thank You
