Environmental Justice and Airport Development

Balancing airport projects and community involvement

3

- Airport projects can impact local air quality, noise, and groundwater
- Additional efforts are required for EJ population outreach and involvement
- Language accessibility is provided through translation services for public meetings and publications

WMDC 50th Anniversary

Westover Metropolitan Development Corporation brings community partnership to region

4

- WMDC was Created in 1974
- Tasked with overseeing Westover Metropolitan Airport and developing the surrounding area
- Supports more than 5,500 military members and civilian workers
- According to the UMass Donahue Institute, business activity at WMDC-developed areas is "estimated to support \$2.2B in economic output and 8,438 jobs around Massachusetts annually."

Massachusetts Airport Management Association Conference

Pioneering Aviation's Tomorrow

5

- 180 attendees representing airports, government officials, aviation enthusiasts and industry leaders
- Updates on industry trends and planning readiness for Advanced Air Mobility
- Exchange of best practices dealing with AI, Noise, and Environmental issues

FHWA UAS Peer Exchange

Federal Highway Administration Exchange Focuses on Uncrewed Aircraft Systems Data Sharing

6

- MassDOT Aeronautics hosted the Federal Highway UAS Peer Exchange
- States from the Northeast and the District of Columbia gathered to share details on data collection, processing and storage

Thank You
