A Message for One Care Enrollees and Stakeholders – June 17, 2015

Fallon Total Care, one of the plans contracted with MassHealth and the Centers for Medicare and Medicaid Services (CMS) to provide One Care as part of the Massachusetts capitated Financial alignment Demonstration, has decided that they will be leaving One Care as of September 30, 2015. Fallon Total Care provides One Care coverage in Hampden, Hampshire, and Worcester counties to approximately 5,475 individuals. MassHealth assures members who are currently enrolled with Fallon Total Care (FTC) that we will work hard to ensure as smooth a transition as possible, working with current members, FTC, the other One Care plans, our partners at CMS, advocates, and the One Care Implementation Council. One Care members will not lose their MassHealth or Medicare, and all members will have continuous access to health care services, supportive services, and medications. We will be sharing additional information about this transition over the coming weeks and months.
