Opioid Recovery and Remediation Fund

4 Section 35000. (a) There shall be an Opioid Recovery and Remediation Fund.

5 Expenditures from the fund shall be made by the executive office of health and human services,
6 without further appropriation and consistent with the terms of settlements made in connection
7 with claims arising from the manufacture, marketing, distribution or dispensing of opioids, as
8 applicable. The secretary of health and human services, in consultation with the Opioid Recovery
9 and Remediation Fund advisory council established in subsection (b), shall administer the fund.

39 In making appointments, the appointing authorities shall ensure that the council includes:

40 (i) members representing racially and socioeconomically diverse communities; (ii) members with
41 public health expertise concerning opioid use disorder; (iii) members with personal experience
42 with opioid use disorder; and (iv) members who will contribute to reducing disparities in health
43 outcomes for underserved communities experiencing opioid use disorder. The appointing
44 authorities shall also consider having racially diverse representation on the council.

The screenshot displays the UCSF Drug Industry Documents website. The browser address bar shows the URL: <https://www.industrydocuments.ucsf.edu/drug/collections/opioids/>. The website header includes the UCSF logo and navigation links for ALL INDUSTRIES, TOBACCO, CHEMICAL, DRUG, FOOD, and FOSSIL FUEL. The main content area is titled "DRUG INDUSTRY DOCUMENTS" and features a sidebar with "Drug Collections" including Actos, Blood Products, Celebra, and others. The main section is the "OPIOID INDUSTRY DOCUMENTS ARCHIVE" with 3,300 documents. It includes a welcome message, a description of the archive's purpose, and a search bar. The search bar contains the text "collection" and a dropdown menu showing "collection" and "opiods documents collection". Below the search bar, there is a link to "How to Search the Opioid Industry Documents Archive" and a paragraph about the archive's goal to consolidate all opioid litigation documents into a publicly accessible digital archive.
