presented in cooperation with the Massachusetts Highway Department  
and the Massachusetts Office of Travel and Tourism

# THE COMMONWEALTH OF MASSACHUSETTS

EXECUTIVE OFFICE OF ENERGY AND ENVIRONMENTAL AFFAIRS

## Department of Agricultural Resources

225 Turnpike Road, 3rd Floor, Southborough, MA 01772

[www.mass.gov/agr](http://www.mass.gov/agr)

Greetings:

We are pleased to provide information on Massachusetts Agricultural Directional Signage (ADS) Program. This program is part of the Commonwealth's Tourist Oriented Directional (TOD) sign policy. The ADS program was developed in cooperation with the Massachusetts Department of Transportation and the Office of Travel and Tourism to better promote local farms to the traveling public.

### This packet includes:

- 1) Program fact sheet and instructions
- 2) Program Criteria
- 3) Agricultural Directional Signage Permit Application (1 page)
- 4) General Information and TOD Sign application (10 pages)
- 5) Mass. Highway Department District contacts
- 6) List of state-approved sign contractors
- 7) Examples of product icons used on Ag directional signs

**Important: Please read the program Fact Sheet and Instructions.** Complete and sign the 3) *Permit Application* and the 4) *TOD Sign Application* according to the instructions and return them to:

Katie Rozenas-Hanson  
Mass. Department of Agricultural Resources  
225 Turnpike Road, 3rd Floor  
Southborough, MA 01772

We hope and anticipate this program will generate additional business for your operation. If you have any questions or comments regarding this program, please contact me at (617) 655-3540, or [katelyn.rozenas@mass.gov](mailto:katelyn.rozenas@mass.gov).

Sincerely,

A handwritten signature in cursive script that reads "Katie Rozenas-Hanson".

Katie Rozenas-Hanson  
Agritourism & Culinary Tourism Coordinator

Massachusetts Department of Agricultural Resources

# Agricultural Directional Signage Program

## Fact Sheet and Instructions

### What is an Agricultural Directional Sign?

An agricultural directional sign is a special highway sign that directs motorists to farms that are open to the public, but not located on state highways. These blue signs feature the "Massachusetts grown...and fresher!" logo, several icons for products the farm produces, a directional arrow and the name of the farm. If your farm is not in a high-visibility location, an agricultural directional sign can help increase business.

### Who is eligible to get an Agricultural Directional Sign?

Only farm operations that grow on-site a majority of the products they sell are eligible for the ag signage program. Farms must be primarily engaged in agriculture as a business and have regular hours of operation, either seasonally or year-round. Only on-farm farmstands are eligible. Please read the Criteria sheet for full details.

### Where can the signs be erected?

Directional signs are allowed only on non-limited access state roadways. In other words, these signs are not allowed on major highways with limited exit and entrance ramps. They are also not allowed on town roadways. Please read the Criteria sheet for more details. Your MassDOT District Office will determine final approval for a specific location.

### Who pays for the sign and how much does it cost?

The entire cost of the sign is paid by the farmer. The MassDOT charges a \$250 fee per sign. The cost of fabricating the sign will vary but may cost between \$500 - \$800 per sign.

### How do I get an Agricultural Directional Sign?

First please read the **Agricultural Directional Sign Criteria** carefully to determine if you might be eligible for the program. Also read the **General Information on Tourist Oriented Directional Signs**.

Once we receive your application, the Department of Agricultural Resources will certify whether you are eligible to use the product icons and the "Massachusetts grown...and fresher!" logo. We will then forward your application to a MassDOT regional District. When you receive a letter of approval from the highway department for the location, you may have the signs fabricated.

If you would like to apply to the program, follow the instructions on the next page.

## Massachusetts Agricultural Directional Signage Program

# Instructions

1. Complete and sign the one page "Agricultural Directional Sign Permit Application"
2. Complete the "Application for Tourist Oriented Directional (TOD) Sign."
3. Read and sign the page titled "Division of Expense."
4. Return the following items to the Department of Agricultural Resources at the address below:
  - a. Agricultural Directional Sign Permit Application form
  - b. Tourist Oriented Directional Sign Application form
  - c. The Division of Work page
  - d. The signed Division of Expense page
  - e. The page titled "This Page for Office Use Only" (do not complete)

Return to: Katie Rozenas-Hanson

Mass. Department of Agricultural Resources  
225 Turnpike Road, 3rd Floor  
Southborough, MA 01772

5. When you receive an approval letter from the MassDOT District Office, you may order your sign from one of the approved fabricators.
6. The MassDOT fee must be paid at the time the signs are delivered to the highway department.

### Important:

- \* All documents must be originals, faxes are not acceptable.
- \* Only signs approved by the Department of Agricultural Resources are allowed to use the commodity symbols and the "Massachusetts grown and fresher!" logo.
- \* Do not have signs fabricated until you receive a letter of approval from MassDOT
- \* An agricultural directional sign is usually composed of two signs: the farm name sign, and the symbol sign. If you wish to have the name of your farm on the sign, you must have both signs produced.
- \* Farm name sign may include seasons if applicable.  
For example: "XYZ FARM ( May – Oct.)"

# Massachusetts Agricultural Directional Signage Program

## CRITERIA

The Massachusetts Department of Agricultural Resources (Agricultural Resources), in cooperation with the Massachusetts Department of Transportation (MassDOT), has initiated a program to assist in the development and enhancement of Massachusetts agriculture. The Agricultural Directional Signage Program (Ag-signage) will allow for the placement of directional signage along state roadways for farms located **off of such roadways**. The Ag-signage program will assist growers in the sale of their products by enhancing the public awareness of the location of their operation.

The Ag-signage program is conducted on a permit basis through the Department of Agricultural Resources. Rules and requirements of the program include:

1. **Directional signs are allowed only on non-limited access state roadways;**  
(A non limited access state roadway is a conventional roadway - any street or highway other than a freeway or expressway, with curb cuts, driveways for business and residents enter the highway directly, are the only type of roads where signs will be allowed.)
2. Only operations with a majority of products grown on-site are eligible for the Ag-Signage Program;
3. Farmers must be engaged primarily and substantially in agriculture as a trade or business in order to qualify;
4. Signs cannot be placed farther than five miles from the farm with only one sign allowed for each direction of travel. Signs must be located, if possible, at the intersection nearest to the state highway site;
5. Farms must have regular hours of operation (five days and 35 hours) on either a seasonal or year-round basis;
6. Signs are directional but may include the name of the farm. Standard commodity symbols indicating the type of commodity will be used on the signs; the symbols can not be modified or altered. Symbols are reflective of farm products grown on said farm, and not for farm services or value-added products.
7. Ag-sign permit holders will be responsible for all fabrication costs of the signs. MassDOT will assess a fee of \$250 per sign to cover the cost of installation and maintenance;
8. Trailblazing signs for farms located more than one turn from the state roadway are the responsibility of the applicant and may be a condition prior to permit approval. The trailblazing signs shall be erected before the signs on the state highway are in place. The trailblazing signs shall be maintained and kept in good repair or the sign(s) on the state highway will be removed;
9. Permits are subject to annual review by Agricultural Resources and MassDOT;
10. Only farm stands located at the farm itself qualify for Ag-Signage;
11. Public safety shall take priority over the placement of any sign authorized under this program. MassDOT reserves the right to adjust, relocate, remove, or take other similar action on any sign

erected in the highway right-of-way under this program;

12. Permit holders shall have the full responsibility to maintain the minimum standard requirements for the use of directional signs as established by Agricultural Resources. Any deviation from these requirements may result in the revocation of the permit;
13. Only signs approved by Agricultural Resources are allowed to use symbols and the "Massachusetts grown... and fresher!" logo and be considered for installation. However, signs not approved by Agricultural Resources may still be eligible under MassDOT's Tourist Oriented Directional Sign program.
14. If the applicant has an existing Tourist Oriented Directional (TOD) Sign at the requested location, the TOD Sign shall be removed when the Agricultural Sign is installed.

Approval by Agricultural Resources constitutes approval of the use of logos; it does not constitute approval for a specific location. The location will be determined by the MassDOT.

Agricultural Resources will, upon approval of your Ag-signage, forward said approval to MassDOT who will install the sign with your input providing space is available.

MassDOT may require that you have the sign maker forward a shop-drawing of a proposed sign for the District Highway Department's approval. No signs should be fabricated before approval is received from MassDOT.

**TOURIST ORIENTED DIRECTIONAL SIGNS  
GENERAL INFORMATION  
&  
APPLICATION**

Dear Applicant:

Enclosed is a copy of MassHighway's Tourist Oriented Directional Signing (TOD) General Information and Application.

Please refer to the attached list to determine the appropriate District for your facility. Any questions can be directed to the appropriate District Traffic Engineer. The completed application' should be returned to the corresponding District Highway Director. If it is returned to the MassHighway Boston Office, it will have to be redirected to the District office, resulting in an unnecessary delay.

Thank you for your interest in MassHighway's Tourist Oriented Directional Signing Program.

MassHighway Sign Unit  
(617) 973-7360

Revised 11/25/98

## **GENERAL INFORMATION FOR TOURIST ORIENTED DIRECTIONAL SIGNING ON CONVENTIONAL ROADS**

### **VII. PURPOSE**

Tourist-Oriented Directional Signs (TOD) and Agricultural Signs provide the business identification and directional information for businesses (including seasonal agricultural products), services, and activities the major portion of whose income or visitors are derived during the normal business season from motorists not residing in the immediate area of the business or activity. They are intended for use only on rural conventional roads and shall not be used at interchanges on expressways or freeways.

### **VIII. CRITERIA**

- A. Attractions shall be signed at a particular location in the following order of priority (with the highest priority listed first): national park; state park; historic, cultural, or recreational sites; and commercial establishments. These attractions must also be located in rural areas outside of areas defined as urbanized by the U.S. Census except that certain areas of low development density and average daily traffic (ADT) may be designated as de-facto rural areas. Farms must have prior approval of the Department of Food and Agriculture in order to apply for Agricultural Signs. A farm which does not receive this approval may still be eligible for a standard Tourist Oriented Directional Sign. .
- B. Attractions must be within 16 km (10 miles) of the initial point of turn on the state highway. Farms must be within 8.0 km (5 miles) of the initial point of turn on the state highway to qualify for Agricultural Signs.
- C. If the location of the point of interest can be determined from Or is on the state highway, applications shall not be approved, unless there is signing leading motorists to a similar facility off the state highway. In this case, signing may be installed for the facility on the state highway, but only at intersections with signing for the similar facility.
- D. If the activity has an existing or pending Outdoor Advertising Board permit in the area covered by these rules, the TOD application will not be approved.
- E. If an applicant has an on-premises advertising sign which is visible from the highway, the applicant will be given first priority for Tourist Oriented Directional Signing, subject to the condition that the applicant removes this on-premises sign, and subject to that attraction's position on the Priority List.
- F. Each facility identified on a Tourist Oriented Directional Sign shall have given written assurance to the state of its conformity with all applicable laws concerning the provisions of public accommodations without regard to race, color, sex, national origin, or handicap and shall not be in breach of the assurance. Each business must also comply with all handicap access laws.

## IX. SIGN LOCATION AND DESIGN

### A. GENERAL

1. Number Permitted - Normally, no more than two "sign assemblies" for c' Tourist Oriented Directional Signs will be permitted on each approach *to* an intersection. One sign assembly (2 panels maximum) shall be used exclusively for those attractions requiring a right turn at the intersection. The second assembly shall be used exclusively for those attractions requiring a left turn at the intersection. A third sign assembly may be installed *to* provide signing for a facility in the ahead direction at intersections where signing is provided for a similar facility in the right or left direction. In addition, one sign assembly (2 panels maximum) may be installed to provide Agricultural Signing for farms approved by the Department of Food and Agriculture. A tab indicating the name of a farm may also be installed with Agricultural Signing.
2. Trailblazing - Trailblazing signs shall be placed at each point of decision along affected routes to the traveler's point of interest. The petitioner must have written approval for trailblazing from each community which the affected route traverses. The trailblazing plan is subject to the approval of MassHighway. All trailblazing signs shall be erected before the sign on the state highway is in place. The trailblazing signs shall be maintained and kept in good repair by the petitioner or the signs on the state highway shall be removed.

### B. LOCATION

Longitudinal Location - Sign assemblies shall be placed in accordance with the following standards:

1. At least 60 m (200') from a traffic control sign or device.
2. At least 60 m (200') from a numbered route junction or signalized intersection on roads zoned for more than 70 km/h (40 m.p.h.).
3. At least 230 m (750') from a railroad crossing.
4. At least 90 m (300') from another Tourist Oriented Directional sign.

### C. DESIGN

1. Colors - The background of TOD signs shall be blue, except national and state parks signs which shall be brown. White is *to* be used for all lettering, border, mileage, and destination arrows. Logos, if used, shall be reproduced in colors consistent with customary use. Logos which resemble any traffic control device shall not be used. Legends, borders and background sheeting shall conform to current MassHighway standards.

2. Mounting - No more than two Directional Sign panels can be mounted on a sign assembly. Sign panels for primary travelers points of interest higher on the priority list shall receive priority over others. Vandal' proof fasteners supplied by the applicant shall be used to attach the panel to the sign assembly. Sign assembly supports will be in accordance with MassHighway Standards.
3. Size - All sign panels shall be 1800 mm (72") in length and shall consist of no more than two lines of legend. Sign panels shall be a maximum of 500 mm (20") in height All letters and numerals shall be 150 mm (6") in height Applicants proposing to add panels to sign assemblies with existing 1500 mm (60") panels may either install 1500 mm (60") panels or replace the existing panels with 1800 mm (72") panels to maintain uniformity. Agricultural Signs shall be 1500 mm (60") in length and a maximum of 500 mm (20") in height Signs shall consist of no more than 2 approved agricultural symbols, the Department of Food and Agriculture logo, and a directional arrow. A farm name tab shall be 1500 mm (60") in length and 150 mm (6") in height
4. All TOD signs shall be fabricated in accordance with the current edition of the MassHighway Standard Specifications for Highways and Bridges. The aluminum panels shall be 2 mm (.080") thick. 5052 aluminum alloy may be used as an option subject to the condition that it complies with the ASTM B209 Alloy 6061- T6 flatness tolerance.

## X. PROCEDURE

- A. Upon receiving written approval from the communities for trailblazing, the petitioner shall apply to the appropriate District Highway Director for approval. The applicant shall submit copies of written approval from the communities for trailblazing signs, a map showing proposed trailblazing sign locations and design of trailblazing signs showing dimensions, color, legend, materials, etc. For Agricultural Signs, the petitioner must receive approval of the Department of Food and Agriculture for the use of agricultural symbols before applying to the appropriate District Highway Director.
- B. The applicant shall be responsible for erecting the trailblazing signs prior to the installation of the Tourist Oriented Directional Signs on the state highway.
- C. After approval by MassHighway, copies of Standards and Specifications shall be sent to the applicant for the fabrication of the proposed panels. The petitioner shall be required to supply panels and vandal proof fasteners to MassHighway for erection by MassHighway forces. The appropriate District Highway Office shall determine and perform maintenance for the sign assembly, with panels and vandal proof fasteners supplied by the applicant. The applicant shall be responsible for the maintenance of all associated trailblazing signing.

## XI. FEES

- A. A fee of \$250.00 (two hundred and fifty dollars) shall be charged by the MassHighway.
- B. Applicants shall be responsible for the full cost of fabricating and supplying sign panel(s) and vandal proof fasteners and performing maintenance for trailblazing signs, as determined by MassHighway.
- C. MassHighway shall assume the costs for supplying and installing sign supports, and attaching the panel(s) to the supports; and costs for. maintenance of the sign assembly.
- D. Any sign panel(s) destroyed by accident, vandalism, or wear shall be replaced at the expense of the applicant.
- E. MassHighway shall bear the entire expense of fabricating and installing approved TOD signing for a sister State Agency.

MassHighway reserves the right to remove signs installed under the provisions of this policy without prior notice. Reasons for removal include, but are not limited to, the following:

- 1. Signs are found to create a safety hazard.
- 2. Subsequent additions/changes to existing signs result in spacing of less than 240 m (800') between signs.
- 3. Construction activities (including provision of traffic management safety controls) necessitate sign removal. .
- 4. The facility fails to comply with the provisions of this Policy at any time.

Signs authorized and approved under this policy shall only be erected by MassHighway or an approved contractor, and shall only be posted within the State highway layout. MassHighway's resources are aimed at simple and uncluttered signing in order to keep all highways safe. Applicants denied an Tourist Oriented Directional sign are advised to contact the Outdoor Advertising Board at: 10 Park Plaza, Boston, MA 02116, to place signs outside the state highway layout.

All signing discussed above is controlled by MassHighway standards that specify such things as location, size, color, and number. All installations require adherence to application procedures and MassHighway approval.

For further information, contact:

State Traffic Engineer  
Massachusetts Highway Department  
10 Park Plaza  
Boston, Massachusetts 02116-3973  
TELEPHONE: (617) 973-7360

XII. APPLICATION FOR TOURIST ORIENTED DIRECTIONAL (TOD) SIGN

MASSACHUSETTS HIGHWAY DEPARTMENT  
TOURIST ORIENTED DIRECTIONAL (TOD) SIGN APPLICATION

District: \_\_\_\_\_ City/Town: \_\_\_\_\_

Application is hereby made for Freeway Services Sign(s) authorized by Chapter 85, Section 2D of the General Laws as amended by Chapter 671, Acts of 1971 or as may be further amended (Ter. ed.).

A. Applicant must answer every question below in ink. Use blank space or additional sheets if you need more room to answer any question. Write "NO" or "NONE" where they apply.

1. Legal name of Facility: \_\_\_\_\_

\_\_\_\_\_

2. Business Address: \_\_\_\_\_

3. Mailing Address: \_\_\_\_\_

4. Number of years at present Business address: \_\_\_\_\_  
Telephone: \_\_\_\_\_

5. Days and hours of operation: \_\_\_\_\_

6. Indicate type of facility:

- |    |                       |       |
|----|-----------------------|-------|
| a. | National Park         | _____ |
| b. | State Park            | _____ |
| c. | Historical Facility   | _____ |
| d. | Cultural Facility     | _____ |
| e. | Recreational Facility | _____ |
| f. | Commercial Enterprise | _____ |
| g. | Farm                  | _____ |

7. Do you operate under a license or permit issued by a City or Town? \_\_\_\_\_

8. If yes, provide city/town name, license type, and permit number: \_\_\_\_\_

\_\_\_\_\_

9. Indicate the exact name you propose to use on the sign(s): \_\_\_\_\_

\_\_\_\_\_

10. Do you plan to use a logo? \_\_\_\_\_
11. What is the Route number of the freeway that you are petitioning to have (a) Tourist Attraction sign(s) erected on? \_\_\_\_\_
12. Is your facility located on or can it be seen from the terminus of the freeway?  
\_\_\_\_\_
13. Is your facility in full conformity with all applicable laws concerning handicap access and the provision of public accommodations without regard to race, color, sex, national origin, or handicap?  
\_\_\_\_\_

**B. APPLICATION REQUIREMENTS:**

Upon submittal of the application, the applicant shall supply for MassHighway review, copies of the following:

1. Written approval from City/Town for erecting all trailblazing sign(s).
2. Map(s) showing proposed trailblazing with sign location(s) clearly marked.
3. Blown up detail of trailblazing sign(s) showing:
  - a. Dimensions
  - b. Color
  - c. Material

If this application is disapproved for reasons limited to inadequate trailblazing, the District Highway Director shall return the application with his/her comments to the applicant for corrections and resubmittal.

## DIVISION OF WORK

The applicant or their own contractor, with prior approval of Mass Highway, shall provide all labor, equipment and materials required for installation of said trailblazing signs, and for fabrication of proposed panels. The applicant shall supply vandal proof fasteners along with the panel(s). MassHighway shall provide sign supports, and all labor and equipment necessary to attach panels and erect the sign assembly.

All drawings for sign panels shall require MassHighway approval prior to installation and all work shall be in accordance with current MassHighway Standards and Specifications.

Said installation shall be made under the supervision of and to the satisfaction of MassHighway's District Highway Director. Upon approval from MassHighway for this application, specifications for the panel(s) shall be forwarded to applicant(s) for fabrication.

## DIVISION OF EXPENSE

The entire cost of said sign panel(s) shall be borne by the applicant. MassHighway reserves the right to order the removal or relocation of the signs authorized by this Agreement at any time. Removal of signs will be at the expense of MassHighway.

The applicant further agrees that he/she will maintain the requirements herein stated for the sign(s) approved and in the event such requirements are not met for a period of more than thirty days after notification by MassHighway, the sign(s) will be removed. If too many signs are being placed at a particular location, MassHighway reserves the right to revoke its approval and to remove signs. This shall be done at the expense of MassHighway. Any application for a new sign thereafter made should be considered a new application.

Upon MassHighway approval of this application, the applicant will be notified of the approval and will be required to supply panels and vandal proof fasteners to MassHighway for erection by MassHighway personnel. The applicant must also submit a fee of \$250.00 per sign. This fee should be included with the panels at the time of delivery to MassHighway.

The applicant agrees and acknowledges that the sign(s) approved and erected under this application shall become the property of MassHighway and MassHighway shall thereafter maintain said sign(s) at the direction of the District Highway Director. However, all necessary panels and vandal proof fasteners shall be supplied by the applicant.

MassHighway hereby reserves the right to add or remove panels to existing sign assemblies as may be applicable. The cost involved in fabrication of additional panels to a sign assembly will be assumed by the new applicant

MassHighway may revoke its approval at any time and remove the sign(s), after notification has been sent by MassHighway. However, if said approval is revoked and removal of the sign(s) occurs, the applicant may retrieve said sign panel(s) from MassHighway's maintenance area. **No reimbursement of funds expended will be due the applicant if sign(s) are removed for any reason.** Any sign panel(s) destroyed by accident, vandalism, or wear shall be replaced at the expense of the applicant. MassHighway will erect or attach the new sign panel( s) as per Agreement outlined in DIVISION OF WORK.

SUBSCRIBED THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 20\_\_\_\_\_,
