MASSHEALTH
TRANSMITTAL LETTER ALL-133
June 2005

TO: All Providers Participating in MassHealth
FROM: Beth Waldman, Medicaid Director *BW*
RE: *All Provider Manuals* (Revised Appendix B – Enrollment Centers)

To support the systems integration project and the transitioning of Traditional community eligibility from PACES to the MA21 system, effective July 1, 2005, the Traditional and Health Care Reform caseload will be redistributed, to ensure that geographic coverage is the same for both Volume I (Health Care Reform) and Volume II (Traditional) populations.

Before July 1, 2005, there were 22 communities that had different MEC assignments for Health Care Reform and Traditional cases. Effective July 1, 2005, the 22 communities have been reassigned to ensure an equal caseload distribution for both populations. This new assignment will allow each MEC to have the sole responsibility for both the Health Care Reform and the Traditional cases in each city/town.

Statewide centralized eligibility of the PACE, DMR, and Kaleigh Mulligan populations will remain the responsibility of the Tewksbury MEC. SCO eligibility will continue to be the responsibility of the Taunton MEC. Title IV Foster Care, and Title IV-E Adoption and Refugee Resettlement cases will continue to be the responsibility of the Revere MEC.

The Traditional intake and ongoing responsibilities for the following communities have been reassigned to the MECs listed below.

- **Revere MEC:**
Belmont, Chelsea, Everett, Lynn, Nahant, Saugus, Somerville
- **Springfield MEC:**
Auburn, Dudley, Oxford, Princeton, Southbridge, Webster
- **Taunton MEC:**
Dedham, Needham, Wellesley
- **Tewksbury MEC:**
Arlington, Malden, Medford, Melrose, Swampscott, Waltham

The MEC Customer Service Call Distributor has been reprogrammed to ensure that customer service phone calls are routed to the appropriate MassHealth Enrollment Center.

The attached Appendix B defines the new MEC geographic service areas. Effective July 1, 2005, Traditional applications and Health Care Reform maintenance should be directed to the appropriate MEC as listed in Appendix B.

The MA21 and PACES eligibility systems have been re-programmed to reflect the new caseload assignments. All member notices and verification requests will direct members to the appropriate MEC. The MECs will continue to process verification requests from actions taken before July 1, 2005. Traditional Intake cases received before July 1, 2005, will be processed by the MEC that received the original application.

The Virtual Gateway front-end application has also been re-programmed to recognize the new MEC assignments to ensure the appropriate routing of Traditional applications.

These changes are effective immediately.
