MassHealth
Transmittal Letter ALL-166
May 2009

TO: All Providers Participating in MassHealth
FROM: Tom Dehner, Medicaid Director 
RE: *All Provider Manuals (Revised Appendix A)*

This letter transmits a revised Appendix A for all provider manuals. Appendix A is a directory of MassHealth-related addresses, phone numbers, fax numbers, and e-mail addresses. Changes include:

- updated MassHealth-related names, addresses, URL's, and phone numbers;
- the deletion of Legacy MMIS-related content; and
- the addition of content reflecting the implementation of NewMMIS, and the systems that have been updated or will be in place with NewMMIS.

Please Note: We will update Appendix A on our Web site as needed to keep it current. We do not send updates for Appendix A to providers unless requested.

If you have any questions about the information in this transmittal letter please contact MassHealth Customer Service at 1-800-841-2900, e-mail your inquiry to providersupport@mahealth.net, or fax your inquiry to 617-988-8974. You can also view, print, or download Appendix A from the MassHealth Web site at www.mass.gov/masshealthpubs. Click on Provider Library, then on MassHealth Provider Manual Appendices. The Eligibility Verification System (EVS) provides 24-hour access to member eligibility information for the previous four years, from current date of service. Be sure to have the member's MassHealth identification number, social security number, or name, gender, and date of birth when making eligibility inquiries. EVS access methods require a user ID and password. If you have not submitted a Trading Partner Agreement, you cannot access EVS through the Online Service Center (POSC).

The pharmacy claim-adjudication process at ACS includes the same eligibility verification that is available through EVS. Therefore, it is not necessary for retail pharmacists to separately validate member eligibility for pharmacy claims through EVS, through the Provider Online Service Center (POSC).

Dental providers should validate member eligibility through the Doral system.
