## Third Party Liability Carrier Codes

This appendix contains a list of MassHealth carrier codes and the carrier names and addresses of the insurance companies to which they refer. For members with other health insurance, providers must report the appropriate MassHealth seven-digit carrier code on claim submissions.

The Eligibility Verification System (EVS) provides the most current information about the member's other health insurance that is available in the Medicaid Management Information System (MMIS), including the carrier code. On each date of service and at time of billing, check EVS before submitting your claim to verify the member's other health insurance coverage.

Please note that Appendix C is a reference document and is not used in MMIS claim adjudication. Refer to the applicable billing guide or companion guide for instructions on using EVS. These guides are available on the web at [www.mass.gov/masshealth](http://www.mass.gov/masshealth).

A searchable version of this appendix is available on the MassHealth website at [www.mass.gov/doc/appendix-c-third-party-liability-codes-1/download](http://www.mass.gov/doc/appendix-c-third-party-liability-codes-1/download).

The Third-Party Liability Indicator form can be used to report a new insurance plan or to update an existing insurance plan. The form can be downloaded from the website at [www.mass.gov/doc/third-party-liability-indicator/download](http://www.mass.gov/doc/third-party-liability-indicator/download).

There are five sections to the carrier code listing.

Section	Section Title	Description
I.	Commercial Carrier Codes	Contains a list of commercial carrier codes. Providers should use these codes on claims for members who have commercial insurance. Medicare Supplemental (Medex) plans are also listed in this section.
II.	Medicare Part A and B Carrier Codes	Contains a list of Medicare carrier codes. Providers should use these on claims for members who have original Medicare Part A (Hospital Insurance) or Part B (Medical Insurance) coverage or both.
III.	Medicare Advantage (Part C) Carrier Codes	Contains a list of Medicare Advantage (Part C) carrier codes. Providers should use these codes on claims for members who have Medicare Part A and B and are enrolled in a Medicare Advantage Plan (Part C).
IV.	Medicare Part D Carrier Codes	Contains a list of Medicare Part D carrier codes. These codes are for pharmacy use only. Other providers should never use these codes on a claim.
V.	Casualty Payer Codes	Contains a list of Casualty Payer carrier codes. Providers should use these codes for reporting Casualty Payer payments on claims. Casualty coverage is not considered health insurance; therefore, Casualty Payer information is not available on EVS.
