**All Provider Bulletin 169**  
**October 2007**

**TO:** All Providers Participating in MassHealth  
**FROM:** Tom Dehner, Medicaid Director   
**RE:** Ordering MassHealth's Wellness Program Member Brochure

---

**Wellness Brochure**

In early July of this year, MassHealth sent a wellness brochure to all MassHealth members to encourage them to see their health-care providers, with particular emphasis on the areas of smoking cessation, screening for early detection of diabetes, teen-pregnancy prevention, cancer screening for early detection, and stroke education. MassHealth also sent an all-provider bulletin at the time to give providers information about the wellness program and brochure.

---

**Ordering the Wellness Brochure**

MassHealth provides various ways to order the wellness brochure:

All providers can order copies of the wellness brochure through the MassHealth Customer Service Center, at 1-800-841-2900. You may also order online by going to the MassHealth Web site at [www.mass.gov/masshealth](http://www.mass.gov/masshealth). In the right column, look under Online Services, then click on Order Provider Publications and follow the directions there.

Primary Care Clinician (PCC) Plan providers can order the wellness brochure and other health-education materials through the PCC Plan Health Education Materials Catalog online at [www.masspartnership.com/pcc](http://www.masspartnership.com/pcc) and clicking on the Support Materials link or by calling the PCC Plan Hotline at 1-800-495-0086, ext. 3.

We encourage providers to partner with members in order to improve the health and well-being of MassHealth members. The Wellness brochure is a tool for providers and members when reviewing risk factors associated with tobacco use, diabetes, cancer, and stroke, to discuss protective factors such as screening for diabetes and cancer, medication compliance, sexual health, healthy food choices, and physical activity.
