

DCAMM Construction and Design Affirmative Marketing Program Public Announcement Sessions

**If you are doing or attempting to do
business in the Commonwealth of
Massachusetts in construction,
contracting, design service industries
or related fields,
COME LEARN ABOUT WHAT'S NEW!**

Announcement Sessions

The Division of Capital Asset Management and Maintenance (DCAMM) in partnership with the Supplier Diversity Office, cordially invites you to the announcement of program changes to the Affirmative Marketing Program (AMP).

DCAMM is proud of its history of, and ongoing commitment to, addressing past and present business discrimination and ensuring that all firms get a equitable opportunity to do business with DCAMM.

In December 2017, DCAMM released its Disparity Study entitled "Business Disparities in the DCAMM Construction and Design Market Area." These new changes are based on evidence in the Study and will optimize and improve upon the AMP's already successful foundation. ([https:// www.mass.gov/service-details/dcammdisparity-study-2017](https://www.mass.gov/service-details/dcammdisparity-study-2017)).

Come join us as we share new ways to increase access and opportunity for MBE's & WBE's in the construction and design industry on public projects.
