Dear Mr. Cronin:

This letter is to confirm the Town of Andover received \$30,400 to implement ClearGov through a Community Compact Award. ClearGov has populated all our historical data from Munis and created an Andover page that is current through the FY20 budget. We are now working with them on a model to include the next fiscal year as well a capital projects page.

This project is central to our overall theme of budget transparency for residents.

Thank you for your support of this project.

Sincerely,

Michael Lindstrom  
Deputy Town Manager
