APPEAL DECISION

Appeal Decision:	Denied	Issue:	Adult Eligibility; Countable Income
Decision Date:	09/06/2024	Hearing Date:	08/30/2024
MassHealth's Rep.:	Kathryn Begin	Appellant's Rep.:	██████
Hearing Location:	Tewksbury MassHealth Enrollment Center Room 2 (Telephone)	Aid Pending:	Yes

Authority

This hearing was conducted pursuant to Massachusetts General Laws Chapter 118E, Chapter 30A, and the rules and regulations promulgated thereunder.

Jurisdiction

Through a notice dated July 15, 2024, MassHealth notified the appellant that his MassHealth CarePlus benefit would end effective August 31, 2024, and would change to MassHealth Health Safety Net for a limited time, and also informed the appellant that he was eligible for a ConnectorCare plan through the Massachusetts Health Connector because MassHealth determined that the appellant no longer met the income requirement for MassHealth CarePlus (*See* 130 CMR 506.007(B) and Exhibit 1). The appellant filed this appeal in a timely manner on July 26, 2024 (*See* 130 CMR 610.015(B) and Exhibit 2). Downgrade of assistance is valid grounds for appeal (*See* 130 CMR 610.032).

Action Taken by MassHealth

MassHealth downgraded the appellant's MassHealth CarePlus benefit to MassHealth Health Safety Net for a limited time and informed the appellant that he was eligible for a ConnectorCare plan through the Massachusetts Health Connector.

Issue

The appeal issue is whether MassHealth was correct in determining that the appellant's income exceeds the limit allowed by the regulations to qualify for benefits.

Summary of Evidence

The appellant is an adult under the age of 65 who resides in a household of one. The appellant appeared telephonically, verified his identity, and testified through an interpreter. MassHealth was represented by a worker from the Tewksbury MassHealth Enrollment Center, who appeared telephonically. The following is a summary of the testimony and documentary evidence presented at hearing:

The MassHealth representative reported that on July 15, 2024, MassHealth received a job update form from the appellant, which was processed on that date. Testimony. The form indicated that the appellant works 33 hours per week and earns gross income of \$495.00 per week. The MassHealth representative explained that in order to calculate the appellant's gross income, she multiplies the weekly amount by 4.333, which equates to a monthly gross income \$2,144.84 per month, or 165.9% of the 2024 federal poverty level (FPL). Testimony. She further stated that the appellant is a single adult household with no tax dependents, and that he possesses a permanent resident alien card. The MassHealth representative testified that 133% of the federal poverty level for a family of one would reflect a monthly income of \$1,670.00. The appellant is over MassHealth income guidelines to continue receiving MassHealth benefits, and instead he is qualified for a Health Connector plan type 2B. The notice informing the appellant of his change in eligibility was generated and mailed on the same day, July 15, 2024. The notice stated that the appellant's CarePlus benefits will terminate on August 31, 2024, and that the appellant has Health Safety Net for up to 90 days while he chooses a new plan from ConnectorCare. Exhibit 1.

The appellant agreed with MassHealth's calculation of his income. He expressed concern that living expenses are increasing and everything is so expensive. He sends his daughter \$120 per week. Testimony. The MassHealth representative explained that MassHealth makes their determination based on gross income, not net, and that if the pay stubs he submitted do not accurately reflect his income, then he should re-submit several current, sequential paystubs that reflect his lower income. Testimony. She stated that MassHealth did receive 3 pay stubs with the job update form, 7/5/2024, 6/21/2024, 6/14/2024; each one indicates gross income of \$495.00. Testimony.

Findings of Fact

Based on a preponderance of the evidence, I find the following:

1. The appellant is an adult under the age of 65 who resides in a household of one. Exhibit 4, Testimony.
2. The appellant earns income that amounts to a monthly income of \$2,144.84. Testimony.
3. On July 15, 2024, MassHealth informed the appellant that MassHealth would downgrade the appellant's benefits from MassHealth CarePlus to the Health Safety Net effective August 31, 2024, because the appellant exceeds the income limit to qualify for CarePlus, and he was financially eligible for a Health Connector Plan. Exhibit 1.
4. The appellant filed a timely appeal on July 26, 2024. Exhibit 2.
5. A monthly income at 133% of the federal poverty level equates to \$1,670.00 for a household of one. Testimony, 2024 MassHealth Income Standards and Federal Poverty Level Guidelines.

Analysis and Conclusions of Law

MassHealth regulations at 130 CMR 505.000 *et seq.* explain the categorical requirements and financial standards that must be met to qualify for a particular MassHealth coverage type. The rules of financial responsibility and calculation of financial eligibility are detailed in 130 CMR 506.000: *Health Care Reform: MassHealth: Financial Requirements*. The MassHealth coverage types are:

- (1) *Standard* - for pregnant women, children, parents and caretaker relatives, young adults, disabled individuals, certain persons who are HIV positive, individuals with breast or cervical cancer, independent foster care adolescents, Department of Mental Health members, and medically frail as such term is defined in 130 CMR 505.008(F);
- (2) *CommonHealth* - for disabled adults, disabled young adults, and disabled children who are not eligible for MassHealth Standard;
- (3) *CarePlus* - for adults 21 through 64 years of age who are not eligible for MassHealth Standard;
- (4) *Family Assistance* - for children, young adults, certain noncitizens, and persons who are HIV positive who are not eligible for MassHealth Standard, CommonHealth, or CarePlus;
- (5) *Small Business Employee Premium Assistance* - for adults or young adults who
 - (a) work for small employers;

- (b) are not eligible for MassHealth Standard, CommonHealth, Family Assistance, or CarePlus;
- (c) do not have anyone in their premium billing family group who is otherwise receiving a premium assistance benefit; and
- (d) have been determined ineligible for a Qualified Health Plan with a Premium Tax Credit due to access to affordable employer-sponsored insurance coverage;
- (6) *Limited* - for certain lawfully present immigrants as described in 130 CMR 504.003(A), nonqualified PRUCOLs, and other noncitizens as described in 130 CMR 504.003: *Immigrants*; and
- (7) *Senior Buy-In and Buy-In* - for certain Medicare beneficiaries.

130 CMR 505.001(A).

To establish eligibility for MassHealth benefits, applicants must meet both the categorical and financial requirements. In this case, the appellant meets the categorical requirements for MassHealth CarePlus. The question then remains as to whether he meets the income requirements to qualify.

An individual between the ages of 21 and 64 who does not qualify for MassHealth Standard is eligible for MassHealth CarePlus if “the modified adjusted gross income of the MassHealth MAGI household is less than or equal to 133% of the federal poverty level.” 130 CMR 505.008(A)(2). To determine financial eligibility pursuant to 130 CMR 506.007, MassHealth must construct a household as described, in relevant part, in 130 CMR 506.002(B) for each individual person applying for or renewing coverage:

- (1) Taxpayers Not Claimed as a Tax Dependent on His or Her Federal Income Taxes. For an individual who expects to file a tax return for the taxable year in which the initial determination or renewal of eligibility is being made and who is not claimed as a tax dependent by another taxpayer, the household consists of
 - (a) the taxpayer; including his or her spouse, if the taxpayers are married and filing jointly regardless of whether they are living together;
 - (b) the taxpayer’s spouse, if living with him or her regardless of filing status;
 - (c) all persons the taxpayer expects to claim as tax dependents; and
 - (d) if any woman described in 130 CMR 506.002(B)(1)(a) through (c) is pregnant, the number of expected children.

Here, the appellant does not dispute that he resides in a household of one. Based on current MassHealth Income Standards and Federal Poverty Guidelines, 133% of the federal poverty level is

equates to a monthly income of \$1,670.00. See chart at <https://www.mass.gov/doc/2024-masshealth-income-standards-and-federal-poverty-guidelines-0/download>.

MassHealth determines an applicant's modified adjusted gross income (MAGI) by taking the countable income, which includes earned income as described in 130 CMR 506.003(A) and unearned income described in 130 CMR 506.003(B), less deductions described in 130 CMR 506.003(D). Specifically, 130 CMR 506.007 provides how the MAGI is calculated:

...Countable income includes earned income described in 130 CMR 506.003(A) and unearned income described in 130 CMR 506.003(B) less deductions described in 130 CMR 506.003(C). Income of all the household members forms the basis for establishing an individual's eligibility. A household's countable income is the sum of the MAGI-based income of every individual included in the individual's household with the exception of children and tax dependents who are not expected to be required to file a return as described in 42 CFR 435.603 and 130 CMR 506.004(K).

(A) Financial eligibility for coverage types that are determined using the MassHealth MAGI household rules and the MassHealth Disabled Adult household rules is determined by comparing the sum of all countable income less deductions for the individual's household as described at 130 CMR 506.002 with the applicable income standard for the specific coverage type. In determining monthly income, the MassHealth agency multiplies average weekly income by 4.333. Five percentage points of the current federal poverty level (FPL) is subtracted from the applicable household total countable income to determine eligibility of the individual under the coverage type with the highest income standard.

(B) The financial eligibility standards for each coverage type may be found in 130 CMR 505.000: *Health Care Reform: MassHealth: Coverage Types*.

(C) The monthly federal-poverty-level income standards are determined according to annual standards published in the *Federal Register* using the following formula. The MassHealth agency adjusts these standards annually.

(1) Divide the annual federal poverty-level income standard as it appears in the *Federal Register* by 12.

(2) Multiply the unrounded monthly income standard by the applicable federal-poverty-level standard.

(3) Round up to the next whole dollar to arrive at the monthly income standards.

(D) Safe Harbor Rule. The MassHealth agency will provide a safe harbor for individuals whose household income determined through MassHealth MAGI income rules results in financial ineligibility for MassHealth but whose household income determined through Health

Connector income rules as described at 26 CFR 1.36B-1(e) is below 100 percent FPL. In such case, the individual's financial eligibility will be determined in accordance with Health Connector income rules.

(1) MassHealth uses current monthly income and the Health Connector uses projected annual income amounts.

(2) MassHealth MAGI household uses exceptions to tax household rules and the Health Connector uses the pure tax filing household.

(E) MAGI Protection for Individuals Receiving MassHealth Coverage on December 31, 2013. Notwithstanding the above, in the case of determining ongoing eligibility for individuals determined eligible for MassHealth coverage to begin on or before December 31, 2013, application of the MassHealth MAGI Household Income Calculation methodologies as set forth in 130 CMR 506.007 will not be applied until March 31, 2014, or the next regularly scheduled annual renewal of eligibility for such individual under 130 CMR 502.007, whichever is later, if the application of such methodologies would result in a downgrade of benefits.

In this case, MassHealth calculated the appellant's monthly MAGI to equal \$2,144.84, which the appellant did not dispute. As that amount exceeds 133% of the poverty level based on 2024 standards, the appellant is not eligible for MassHealth benefits. Therefore, MassHealth did not err in issuing the July 15, 2024, notice indicating that the appellant's MassHealth benefits would end on August 31, 2024, and the appeal is DENIED.

Order for MassHealth

Remove Aid Pending.

Notification of Your Right to Appeal to Court

If you disagree with this decision, you have the right to appeal to court in accordance with Chapter 30A of the Massachusetts General Laws. To appeal, you must file a complaint with the Superior Court for the county where you reside, or Suffolk County Superior Court, within 30 days of your receipt of this decision.
