APPEAL DECISION

Appeal Decision:	Denied	Issue:	Community eligibility, under 65, income
Decision Date:	2/25/2025	Hearing Date:	11/15/2024
MassHealth's Rep.:	Shanell Santiago	Appellant's Rep.:	Pro se
Hearing Location:	Tewksbury (remote)	Aid Pending:	Yes

Authority

This hearing was conducted pursuant to Massachusetts General Laws Chapter 118E, Chapter 30A, and the rules and regulations promulgated thereunder.

Jurisdiction

By notice dated September 24, 2024, MassHealth notified Appellant her coverage would downgrade from MassHealth Standard to CommonHealth, ending Standard on October 8, 2024. Exhibit 1. Appellant filed this appeal in a timely manner on October 7, 2024 and was eligible to retain the benefits pending the outcome of the appeal. Exhibit 2. 130 CMR 610.015(B), 130 CMR 610.036. Termination or modification of assistance is a valid basis for appeal. 130 CMR 610.032.

Action Taken by MassHealth

MassHealth notified Appellant her coverage would downgrade from MassHealth Standard to CommonHealth.

Issue

The appeal issue is whether MassHealth was correct in determining that Appellant no longer qualified for MassHealth Standard and coverage of her Medicare premium.

Summary of Evidence

The MassHealth representative appeared by phone and testified as follows. Appellant is in a household of one and is under the age of 65. Appellant is disabled and receives monthly Social Security income. On September 24, 2024, MassHealth's hub data match verified that Appellant's gross monthly income is \$1,784, which is 137.15% of the federal poverty level (FPL). To qualify for MassHealth Standard, an applicant's income must be less than or equal to \$1,670 monthly. Appellant is disabled and therefore eligible for MassHealth CommonHealth with no premium. However, because her income was above 133% of the FPL, Appellant no longer qualified for MassHealth Standard with coverage of her Medicare premium. Should Appellant wish to apply for a Medicare Savings Program (MSP), she would have to submit a short application to MassHealth's over 65 department.

Appellant appeared by phone and testified as follows. Appellant expressed concern that her doctor's appointments, physical therapy, and transportation would not be covered by CommonHealth. The MassHealth representative testified that CommonHealth would cover the same services as MassHealth Standard. Appellant asked if the MSP application was difficult, and if she would have to complete it every time her coverage fluctuated on and off of MassHealth Standard.

After the hearing, MassHealth confirmed that Appellant was approved for an MSP plan effective January 1, 2025. Exhibit 4.

Findings of Fact

Based on a preponderance of the evidence, I find the following:

1. Appellant is in a household of one and is under 65.
2. Appellant is disabled and receives Medicare.
3. Appellant's monthly income is \$1,784 from Social Security.
4. In 2024, the monthly FPL for a household of one was \$1,255; 133% of the FPL was \$1,670.

Analysis and Conclusions of Law

At issue here is MassHealth's determination that Appellant no longer qualifies for MassHealth Standard and coverage of her Medicare premium.

MassHealth regulations at 130 CMR 505.000 *et seq.* explain the categorical requirements and

financial standards that must be met to qualify for a MassHealth coverage type. The rules of financial responsibility and calculation of financial eligibility are detailed in 130 CMR 506.000: *Health Care Reform: MassHealth: Financial Requirements*. The MassHealth coverage types are:

- (1) MassHealth Standard – for people who are pregnant, children, parents and caretaker relatives, young adults, disabled individuals, certain persons who are HIV positive, individuals with breast or cervical cancer, independent foster care adolescents, Department of Mental Health (DMH) members, and medically frail as such term is defined in 130 CMR 505.008(F);
- (2) MassHealth CommonHealth – for disabled adults, disabled young adults, and disabled children who are not eligible for MassHealth Standard;
- (3) MassHealth CarePlus – for adults 21 through 64 years of age who are not eligible for MassHealth Standard;
- (4) MassHealth Family Assistance – for children, young adults, certain noncitizens, and persons who are HIV positive who are not eligible for MassHealth Standard, MassHealth CommonHealth, or MassHealth CarePlus;
- (5) MassHealth Limited – for certain lawfully present immigrants as described in 130 CMR 504.003(A): *Lawfully Present Immigrants*, nonqualified PRUCOLs, and other noncitizens as described in 130 CMR 504.003: *Immigrants*; and
- (6) MassHealth Medicare Savings Programs – for certain Medicare beneficiaries.

130 CMR 505.001(A).

In order to establish eligibility for MassHealth benefits, applicants must meet both the categorical and financial requirements. MassHealth determines financial eligibility based on an applicant's modified adjusted gross income. MassHealth takes the countable income, which includes earned income as described in 130 CMR 506.003(A) and unearned income described in 130 CMR 506.003(B) and subtracts deductions described in 130 CMR 506.003(D). 130 CMR 506.007. Per 130 CMR 506.003, the regulatory definitions of earned income, unearned income and deductions are as follows:

(A) Earned Income.

- (1) Earned income is the total amount of taxable compensation received for work or services performed less pretax deductions. Earned income may include wages, salaries, tips, commissions, and bonuses.
- (2) Earned taxable income for the self-employed is the total amount of taxable annual income from self-employment after deducting annual business expenses listed or allowable on a U.S. Individual Tax Return. Self-employment income may be a profit or a loss.
- (3) Earned income from S-Corporations or Partnerships is the total amount of taxable annual profit (or loss) after deducting business expenses listed or allowable on a U.S. Individual Tax Return.

(4) Seasonal income or other reasonably predictable future income is taxable income derived from an income source that may fluctuate during the year. Annual gross taxable income is divided by 12 to obtain a monthly taxable gross income with the following exception: if the applicant or member has a disabling illness or accident during or after the seasonal employment or other reasonably predictable future income period that prevents the person's continued or future employment, only current taxable income will be considered in the eligibility determination.

(B) Unearned Income.

(1) Unearned income is the total amount of taxable income that does not directly result from the individual's own labor after allowable deductions on the U.S Individual Tax Return.

(2) Unearned income may include, but is not limited to, social security benefits, railroad retirement benefits, pensions, annuities, certain trusts, interest and dividend income, state or local tax refund for a tax you deducted in the previous year, and gross gambling income.

(C) Rental Income. Rental income is the total amount of taxable income less any deductions listed or allowable on an applicant's or member's U.S. Individual Tax Return.

(D) Deductions. Under federal law, the following deductions are allowed when calculating MAGI countable income. Changes to federal law may impact the availability of these deductions:

- (1) educator expenses;
- (2) reservist/performance artist/fee-based government official expenses;
- (3) health savings account;
- (4) moving expenses, for the amount and populations allowed under federal law;
- (5) one-half self-employment tax;
- (6) self-employment retirement account;
- (7) penalty on early withdrawal of savings;
- (8) alimony paid to a former spouse for individuals with alimony agreements finalized on or before December 31, 2018. Alimony payments under separation or divorce agreements finalized after December 31, 2018, or pre-existing agreements modified after December 31, 2018, are not deductible;
- (9) individual retirement account (IRA);
- (10) student loan interest;
- (11) scholarships, awards, or fellowships used solely for educational purposes; and
- (12) other deductions described in the Tax Cut and Jobs Act of 2017, Public Law

115-97 for as long as those deductions are in effect under federal law.

To be eligible for MassHealth Standard as a disabled adult, Appellant's monthly income would have to be less than or equal to 133% of the FPL. 130 CMR 505.002(E)(1)(b). Appellant's monthly income is \$1,784, which is 137.15% of the FPL. Accordingly, Appellant's income is too high to be eligible for MassHealth Standard.

As a disabled adult, Appellant is eligible for MassHealth CommonHealth. 130 CMR 505.004(C). According to 130 CMR 505.004(I), individuals eligible for CommonHealth may be assessed a premium in accordance with the premium schedule provided in 130 CMR 506.011(B)(2). However, individuals whose income is less than 150% of the FPL do not have to pay a premium. 130 CMR 506.011(B)(2).

Additionally, MassHealth will cover a CommonHealth member's Medicare premium if their income is at or below 135% of the FPL. 130 CMR 505.004(L)(1), 130 CMR 519.012(D)(1). An individual whose income is below 190% of the FPL qualifies for an MSP for Qualified Medicare Beneficiaries. 130 CMR 519.010 and 519.011. Although MassHealth previously has denied or terminated MSP plans for individuals over 135% of the FPL pursuant to 130 CMR 519.012(D)(1), MassHealth is continuing the benefit, approving and/or restoring MSP benefits for individuals. Here, MassHealth has approved Appellant for an MSP plan effective January 1, 2025.

Given Appellant's income at the time the decision was made in 2024, MassHealth determined her eligibility for CommonHealth and MSP appropriately. Accordingly, this appeal is denied.
