

# Appendix G

## Facility Codes for fields

### "Institution Referred From"

and

### "Institution Referred To"

(and historical facility code reference)

This Appendix contains MCR codes and ACoS codes for facilities that report (or have reported) cancer cases to the MCR. For any updated ACoS codes, see [www.facs.org/cancer/coc/fin.html](http://www.facs.org/cancer/coc/fin.html).

Also included are NAACCR codes for other state central registries which may be used for patients referred from or to a facility in another state. These are listed as "facility in Alabama", for example.

Also included are some long-term care facilities, health maintenance organizations and other entities which report/ed cases to the MCR.

Also included are some entities for which we obtained an ACoS code that do not report to the MCR.

The facility names in this table are not the formal names of the institutions. They are just short "in-house" names.

MCR Codes or the standard ACoS/NAACCR codes may be used for case reports sent to the MCR. Not all facilities have a known ACoS or MCR code.

Facilities are sorted by name, then by MCR Code, and lastly by national code.

**Entries in bold face are current MCR data reporters (September 2005).**

entries sorted by (MCR) facility name, MCR Code, national code...pages G-1 -- G-7

entries sorted by MCR code, facility name, national code .....pages G-7 -- G-12

entries sorted by national code, facility name, MCR code .....pages G-13 -- G-18

Blank items are shown first in the sorts.
