Introduction and Explanation of Abbreviations

The following services are payable for children who are eligible for the Children’s Medical Security Plan (CMSP), subject to all conditions and limitations in the MassHealth regulations applicable for the provider rendering service and in 130 CMR 450.000: *Administrative and Billing Regulations*.

For complete descriptions of the service codes listed in Appendix T, MassHealth providers may refer to the American Medical Association’s latest *Current Procedural Terminology (CPT)* codebook, the *HCPCS Level II* codebook (or the Centers for Medicare & Medicaid Services website at www.cms.gov), and the American Dental Association’s *Current Dental Terminology (CDT)* codebook, as applicable.

The following abbreviations are used in Appendix T.

- (A) PA indicates that service-specific prior authorization is required. See 130 CMR 450.303 and applicable provider-type program regulations for more information.
- (B) IC indicates that the claim will receive individual consideration to determine payment. A descriptive report must accompany the claim. See 130 CMR 450.271.

Note: Rates paid by MassHealth for covered codes under this Appendix T for drugs, vaccines, and immune globulins administered in a provider’s office are as specified in 101 CMR 317.00: *Medicine*. Subject to any other applicable provision in 101 CMR 317.00, the payment rates for these MassHealth-covered codes for drugs, vaccines, and immune globulins administered in the provider’s office are equal to the fees listed in the Quarterly Average Sales Price (ASP) Medicare Part B Drug Pricing File (see 101 CMR 317.03(1)(c)2 and 317.04(1)(a)). For applicable codes for drugs, vaccines, and immune globulins administered in a provider’s office that are listed in the Vaccine Services or Drugs and Contraceptive Supplies Section below, with “IC,” payment set by IC will apply until such time as the code is listed and a rate is set in the Quarterly ASP Medicare Part B Drug Pricing File, consistent with 101 CMR 317.04(1)(a).
