

Massachusetts Technical Rescue Equipment Subcommittee
Monday November 8, 2021
1:00 pm
Meeting held virtually
Approved Minutes November 22, 2021

Those present were David DiGregorio, Chief Michael Mansfield, Jon Burt, and Jason Saunders

Jason Saunders made a motion to accept the minutes of the October 25, 2021 meeting.

Motion was seconded by Jon Burt.

Motion PASSED Unanimously

Update on the funding for the D4H software package to be used by all of the Tech Rescue Regional teams was given by Chief Mansfield.

A review of the SUSAR equipment cache list was performed and discussed at length. Members stated they had looked at list and considered it to be quite extensive and that their teams do not currently meet some of the equipment quantities criteria.

It was explained that the subcommittee needs to have a document that we all can use as a "jump off" point and this list, even though quite extensive could be met through the assistance of the Statewide District HazMat teams and also supported by the state or regional radio communications caches already established if need be.

Jon Burt made a motion that all equipment subcommittee members look at the Rescue, Technical and Water Sections of the SUSAR list that was sent out and report out on those sections at the November 22, 2021 meeting.

Jason Saunders seconded the motion

Motion PASSED Unanimously

There was a question related to multiple times being on the meeting announcements in the past which may have created confusion in the past with some members. We will continue to monitor the situation and if it continues DFS will look into correcting it.

Motion to adjourn was made by Jon Burt

Motion was seconded by Jason Saunders.

Motion PASSED Unanimously.

Meeting adjourned at 13:39 hours

Next meeting is scheduled for Monday November 22, 2021 at 11:00 hours

Respectfully submitted
Michael B. Mansfield
