FY26 BUDGET REVIEW:

Superintendent Matton provided the Commissioners with BCMCP's budget breakdown to date. A new lease was signed for the property, and no additional increase was included. Pesticides have been purchased for the beginning of the season. Fiscally BCMCP is in a stable position for mid-budget cycle. An updated breakdown will be provided at the next meeting.

SPRING AERIAL and HAND LARVICIDE UPDATE:

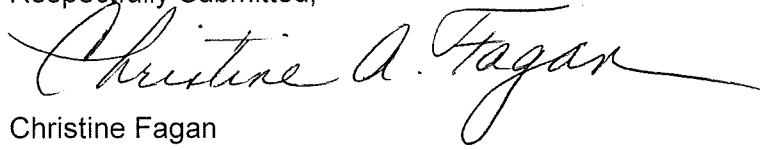

Superintendent Matton provided an update on spring aerial larvicide plans. Plymouth County will be beginning Hockomock applications around April 16, 2026. Hand larviciding will begin on Tuesday April 21, 2026, with focus on residential requests. North Fork Helicopters has not provided a date. There are larvae in the wetlands, but the cooler temperatures make them harder to find. Our county is technically out of drought conditions but depending on future rainfall it may not be for long.
