

Dear Friends,

On the evening of Wednesday, October 21, the Department of Conservation and Recreation (DCR) held a virtual public meeting to discuss the Arborway Parkway Improvements Project. During the meeting, DCR and the project design team presented, and took public input on, three proposed design alternatives.

Links to the design alternatives and to the meeting presentation and to the meeting recording can be found on DCR's website at <https://www.mass.gov/service-details/arborway-parkways-improvement-project>. As we did at the meeting, DCR encourages the public to share feedback on the three design alternatives either online at www.mass.gov/dcr/public-comment, or by writing to Arborway Parkway Improvements, c/o Howard Stein Hudson, 11 Beacon Street, Suite 1100, Boston, MA 02108, or by emailing arborway@hshassoc.com. Members of the public are also invited to share specific feedback on each of the three alternatives on an interactive online mapping tool at <https://hsh.mysocialpinpoint.com/arborway>. The deadline for receipt of comments is Friday, November 6.

Please note that the content of comments you submit to DCR, along with your name, town, and zip code, will be posted on DCR's website. Providing additional contact information when commenting, notably email address, is optional, and will only be used for outreach on future updates on the subject project or property.

If you have agency-related questions or concerns or would like to be added to an email list to receive DCR general or project-specific announcements, please email Mass.Parks@mass.gov or call 617-626-4973.

We appreciate your interest and input.

DCR Updates
