MA DCF Quarterly Profile Report Metric Description 1. 51A Reports Count of 51A Reports (including Institutional abuse) approved during the Quarterly Profile's target quarter. A 51A is a report alleging maltreatment (abuse, neglect, sexual exploitation, and/or human trafficking) of one or more children under the age of 18 in the Commonwealth. The Department's hotline or intake units conduct a screening process to determine whether a report is appropriate for further action. There are two (2) phases of protective intake: (1) the screening of reports; and (2) a response to any report that is screened-in. The purpose of screening is to gather sufficient information to determine whether a Department response is necessary or might be necessary to ensure a child's safety and well-being. Screening is a key part of the overall process of reporting, identifying and assessing risks to child safety, permanency, and well-being. It is the first step in determining the Department's subsequent actions and intervention with the family. Activities for screening a report of child maltreatment are designed to determine, based on facts in the report and those gathered during screening: - if there is an immediate concern for child safety; and - if a "reportable condition" under MGL c. 119 § 51A exists. A "reportable condition" exists when there is information that a child may have been abused and/or neglected or may be at risk of being abused and/or neglected by a caregiver, or that a child may have been or may be at risk of sexual exploitation or human trafficking. Reports determined to be emergencies must be screened in immediately, and a response must be initiated within 2 hours. The screening of reports determined not to be emergencies must be completed within one working day. In very limited circumstances where it is necessary to complete activities critical to making the screening decision and with approval from a manager, screening of a non-emergency report may be extended for up to one additional working day. Based on the information received, collected, and analyzed during the screening process, the report will be: 1. Screened-In for Response: or 2. Screened-Out: or 3. Screened-Out DA Referral. Screened-In for Response Count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter that met the standards for a Departmental response to ensure a child's safety and well-being. The total Screened-in for Response in section 1 will not necessarily equal the total Reponses in section 2, as some Responses will be from intakes filed in the previous quarter. There are two (2) possible screen-in outcomes: Screen-In - Emergency Response This is a determination that the report involves a situation where the failure to take immediate action would pose a substantial risk of death, serious emotional or physical injury, or sexual abuse to a child. Screen-In - Non-Emergency Response This is a determination that a child(ren) may have been abused and/or neglected or may be at risk of being abused and/or neglected by a caregiver, or that a child has been or may be at risk of sexual exploitation or human trafficking, AND that the situation as reported does NOT pose a substantial risk of death, serious emotional or physical injury, or sexual abuse to a child. Screened-Out Count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter that did NOT meet the standards for a Departmental response to ensure a child's safety and well-being. This is determination that: - the report does not involve a child or the allegations are not within the Department's mandate concerning child abuse and neglect; and/or - there was no indication that a child(ren) has been or may have been abused or neglected or may be at risk of being abused and/or neglected by a caregiver; and/or - the alleged perpetrator has been identified and was not a caregiver, and the child(ren)'s caregiver is safely protecting the child(ren) from the alleged perpetrator, unless the allegations involve sexual exploitation or human trafficking: and/or - the specific injury or specific situation being reported is so old that it has no bearing on the current risk to the reported or other child(ren); and/or - there are NO other protective concerns, and the only issue is maternal use of appropriately prescribed medication resulting in a Substance Exposed Newborn (SEN), AND the only substance affecting the newborn(s) was appropriately prescribed medication, AND the mother was using the medication(s) as prescribed which can be verified by a qualified medical or other provider. Screened-Out DA Referral Count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter that did NOT meet the standards for a Departmental response to ensure a child's safety and well-being. Nonetheless, the 51A Report involved (or may have involved) a crime that requires a mandatory (or discretionary) referral to the District Attorney and local law enforcement agency.

MA DCF Quarterly Profile Report Metric	Description
Reponses	Count of responses approved during the Quarterly Profile's target quarter. The total may include intakes from the previous quarter and exclude intakes from the current quarter that do not have a completed response. The Department assigns screened-in 51A reports for completion of a 51 B response in accordance with MGL c. 119, § 51 B. Based on the facts gathered during the response, the assessment of parental capacities, the results of the risk assessment tool and clinical judgment, the Response Worker, in consultation with the Supervisor determines: 1. A finding on the reported allegation(s) or discovered conditions, including a finding on any person(s) responsible; and 2. Whether Department intervention is necessary to safeguard child safety and well-being.
Supported	Count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter with a "Support" finding.
	A "Support" finding means that there is reasonable cause to believe that a child(ren) was abused and/or neglected; and the actions or inactions by the parent(s)/caregiver(s) place the child(ren) in danger or pose substantial risk to the child(ren)'s safety or well-being; or the person was responsible for the child(ren) being a victim of sexual exploitation or human trafficking.
	Department intervention is needed to safeguard child(ren) safety and well-being with one of the following results: - a new case is opened; or - when allegations are "supported" on an open case, the information gathered during response is used by the currently assigned Social Worker, in consultation with the Supervisor, to determine if there is a change in risk level to the child(ren) that warrants an update to the family's current Assessment and Service (Action) Plan and/or a change to existing interventions/services.
	In very limited circumstances, with approval from a manager, the Department may make a finding of "support" and determine that Department intervention is not necessary. For example, the alleged perpetrator was not a family member (e.g., babysitter, bus driver, etc.), and the parent(s)/caregiver(s) has taken necessary action to keep the child safe; or the alleged perpetrator poses no current or potential threat to the reported child(ren), is out of the home, and the parent(s)/caregiver(s) has taken necessary action to keep the child(ren) safe.
Substantiated Concern	Count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter with a "Substantiated Concern" finding.
	A "Substantiated Concern" finding means that there is reasonable cause to believe that the child was neglected; and the actions or inactions by the parent(s)/caregiver(s) create the potential for abuse or neglect, but there is no immediate danger to the child(ren)'s safety or well-being.
	Department intervention is needed to safeguard the child(ren)'s safety and well-being with one of the following results: - a new "case" is opened; or - when a substantiated concern is found on an open case, the information gathered during response is used by the currently assigned Social Worker, in consultation with the Supervisor, to determine if there has been a change in risk level to the child(ren) that warrants an update to the family's current Assessment and Service (Action) Plan and/or change to existing interventions/services.
Unsupported	Count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter with an "Unsupport" finding.
	An "Unsupport" finding means that there is not reasonable cause to believe that a child(ren) was abused and/or neglected, or that the child(ren)'s safety or well-being is being compromised; or the person believed to be responsible for the abuse or neglect was not a caregiver, unless the abuse or neglect involves sexual exploitation or human trafficking where the caregiver distinction is not applied.
	Department intervention is not needed to safeguard the child(ren)'s safety and well-being. The Department does not open a new "case," but the family may apply for voluntary services from the Department and/or the Department may refer the family for services in the community if needed. When allegations on an open case are "unsupported," the information gathered during response is used by the currently assigned Social Worker, in consultation with the Supervisor, to determine if there has been a change in risk level to the child(ren) that warrants an update to the family's current Assessment and Service (Action) Plan and/or change to existing interventions/services.

# MA DCF Quarterly Profile Report Metric	Description
3. Percent of Responses Completed on Time	Count (and rate) of responses approved during the Quarterly Profile's target quarter where all required response activities and a formal report documenting the response are completed within specified time parameters.
	Numerator: Count of approved responses completed within specified time parameters.
	Denominator: Total Count of approved responses.
Emergency Responses (5 business days)	Count (and rate) of Emergency Responses approved during the Quarterly Profile's target quarter where all required response activities and a formal report documenting the response are completed within specified time parameters. Emergency responses must be initiated within two (2) hours and an initial determination of the child's safety must then be made within 24 hours. All required response activities and a formal report documenting the response must be completed within 5 working days. Numerator: Count of approved Emergency Responses completed within specified time parameters. Denominator: Total Count of approved Emergency Responses.
Non-Emergency Responses (15 business days)	Count (and rate) of Non-Emergency Responses approved during the Quarterly Profile's target quarter where all required response activities and a formal report documenting the response are completed within specified time parameters. Non-Emergency responses must be initiated within two (2) working days and all required response activities and a formal report documenting the response activities must be completed within 15 working days. In very limited circumstances and with the approval of a manager, the due date for completing a nonemergency response may be extended for up to 5 working days to obtain information critical to the response decision. Numerator: Count of approved Non-Emergency Responses completed within specified time parameters. Denominator: Total Count of approved Non-Emergency Responses.
4. Recurrence of Maltreatment	
	Federal Child and Family Service Review (CFSR-R2) safety outcome measure: Of all children who were victims of substantiated or indicated child abuse and/or neglect during the first 6 months of the year (i.e., 12-month period ending with the Quarterly Profile's target quarter), what percentage had another substantiated or indicated report within a 6-month period?
5. Maltreatment in Foster Care	Federal Child and Family Service Review (CFSR-R2) safety outcome measure:
	Of all children who were in foster care (i.e., all DCF out-of-home placement) during the year (i.e., 12-month period ending with the Quarterly Profile's target quarter), what percentage were the subject of substantiated or indicated maltreatment by a foster parent or facility staff? The percentage represented on all Region and Area Offices is the Statewide percentage for the quarter.
6. Maltreatment in Foster Care per 100,000 Bed Days	Federal Child and Family Service Review (CFSR-R3) safety outcome measure:
	Of all children who were in foster care (i.e., all DCF out-of-home placement) during a 12-month period (i.e., 12-month period ending with the Quarterly Profile's target quarter), what is the rate of victimization (by any perpetrator) per day of foster care (i.e., all DCF out-of-home placement)?
	This metric is calculated as a rate per 100,000 days of placement.
7. Consumer Children <18 Pending Response	Count of children (i.e., under 18 years-of-age) not otherwise open in a DCF Clinical or Adoption Case who are subjects of DCF Response on the last day of the Quarterly Profile's target quarter.
	NOTE: Children who are subjects of a DCF Response who are also open in a DCF Clinical or Adoption Case are NOT in this count. These children would be in "8. Consumer Children <18 in Caseload" counts.

Description
Count of children (i.e., under 18 years-of-age) assigned to a DCF Social Worker in a Clinical or Adoption Caso on the last day of the Quarterly Profile's target quarter.
A subset count (and rate) of Consumer Children <18 in Caseload , this is a count of children (i.e., under 18 years-of-age) assigned to a DCF Social Worker in a Clinical or Adoption Case on the last day of the Quarterly Profile's target quarter, who are NOT in an out-of-home placement.
A subset count (and rate) of Consumer Children <18 in Caseload , this is a count of children (i.e., under 18 years-of-age) assigned to a DCF Social Worker in a Clinical or Adoption Case on the last day of the Quarterly Profile's target quarter, who are in an out-of-home placement.
A subset of Consumer Children <18 In-Placement , this is a count (and rate) of ALL Consumer Children <18 In-Placement (placement of any type), who are placed in a Kinship or Child Specific home.
NOTE: Kinship and Child-Specific includes biological family members and fictive kin (e.g., neighbors, teachers coaches, etc.).
A subset of Consumer Children <18 In-Placement , this is a count of Consumer Children <18 In- Placement , who are placed in Departmental Foster Care (DFC).
DFC includes: - DFC - Foster Care - Kinship - DFC - Foster Care - Child Specific - DFC - Foster Care - Unrestricted - DFC - Foster Care - Pre-adoptive - DFC - Foster Care - Independent Living.
A subset of Consumer Children <18 in Departmental Foster Care (DFC) , this is a count (and rate) of Consumer Children <18 in Department Foster Care (DFC) , who are placed with Kin.
NOTE: Kin includes biological family members and fictive kin (e.g., neighbors, teachers, coaches, etc.).
Count of Youth aged 18 and older with a DCF Consumer Role Type of Child, assigned to a DCF Social Worker in a Clinical or Adoption Case on the last day of the Quarterly Profile's target quarter.
Count of Adults with a DCF Consumer Role Type of Adult, assigned to a DCF Social Worker in a Clinical or Adoption Case on the last day of the Quarterly Profile's target quarter.
Count of consumer children reunified (i.e., returned home) within the Quarterly Profile's target quarter.
Federal Child and Family Service Review (CFSR-R2) permanency outcome measure:
Of all consumer children reunified (i.e., returned home) within the Quarterly Profile's target quarter, the count (and rate) who reunified within 12-months of their most recent Home Removal Episode (HRE).
Count of Clinical Cases open for services (i.e., open in an assessment or case management) on the last day of the day of the Quarterly Profile's target quarter.
A subset of <i>Clinical Cases</i> , this is a count (and rate) of <i>Clinical Cases</i> with NO children <18 years-of-age in DCF out-of-home placement on the last day of the Quarterly Profile's target quarter.
A subset of <i>Clinical Cases</i> , this is a count (and rate) of <i>Clinical Cases</i> with at minimum one child <18 years of-age in DCF out-of-home placement on the last day of the Quarterly Profile's target quarter.
The AVERAGE number of Clinical Cases OPENED each month during the Quarterly Profile's target quarter.
The AVERAGE number of Clinical Cases CLOSED each month during the Quarterly Profile's target quarter.

# MA DCF Quarterly Profile Report Metric	Description
15. Adoption Cases	Count of Adoption Cases on the last day of the day of the Quarterly Profile's target quarter.
16. Adoptions Legalized	Count of consumer children (of any age) with a finalized adoption (i.e., legalization) within the Quarterly Profile's target quarter. NOTE: Adoption counts may be undercounts at time of report production.
Adoptions Legalized within 24-months of Home Removal	Federal Child and Family Service Review (CFSR-R2) permanency outcome measure:
	Of all consumer children (of any age) with a finalized adoption (i.e., legalization) within the Quarterly Profile's target quarter, the count (and rate) who were adopted within 24-months of their most recent Home Removal Episode (HRE).
17. Guardianships Legalized	Count of consumer children (of any age) with a finalized guardianship (i.e., legalization) within the Quarterly Profile's target quarter. NOTE: Guardianship counts may be undercounts at time of report production.
18. Race	Count (and rate) of self-reported RACE for ALL Consumers on the last day of the Quarterly Profile's target quarter, stratified by age category (i.e., Children <18, Youth ≥18,, Adults).
	NOTE: Hispanic/Latino/Latina includes all races.
19. Primary Language	Count (and rate) of PRIMARY LANGUAGE) for ALL Consumers on the last day of the Quarterly Profile's target quarter, stratified by age category (i.e., Children <18, Youth ≥18, Adults).
20. Most Recent Intake	Count (and rate) of MOST RECENT INTAKE type for Consumer Children and Youth In-Placement on the last day of the Quarterly Profile's target quarter, stratified by age category (i.e., Children <18, Youth ≥18).
21. Placement Type	Count (and rate) of PLACEMENT TYPE for Consumer Children and Youth In-Placement on the last day of the Quarterly Profile's target quarter, stratified by age category (i.e., Children <18, Youth ≥18).
Departmental Foster Care	Foster Care placements provide stability and safety for children/youth that have been brought into the protective care of the state. These foster care placemnet may be with family or extended family, or through unrelated caretakers who have completed training and are approved as a licensed family resource assigned a DCF social worker.
DFC Kinship	Persons related by either blood, marriage or adoption (i.e., adult sibling, grandparent, aunt, uncle, first cousin) or significant other adult to whom the child and/or parent(s) ascribe the role of the family based on cultural and affectional ties or individual family values.
DFC Child Specific	A non-kinship individual(s) is identified and licensed as a placement for a particular child (e.g., school teacher; parent(s) of the placed child's friend). This is a person who the family or child has a strong bond with, and is significant in their life.
DFC Unrestricted	An individual(s) who has been licensed by the Department as a partnership resource to provide foster/preadoptive care for a child usually not previously known to the individual(s).
DFC Pre-Adoptive	A resource that has been identified as the child's family. The person(s) have been approved for the adoption and are licensed adoptive families. The child is required to be in that specific home for a minimum of six months before the adoption can be finalized.
DFC Independent Living	Services may be provided at either scattered or centralized (e.g. apartment) sites within the community. Staff provides outreach and care coordination to youth and must be available for face-to-face crisis intervention 24 hours a day, seven days a week. This model serves youth 17.5 or older who are not able to be served in a family setting due to their clinical needs, but who are able to live on their own with support; independently manage community access; have attained a sufficient level of independent living skills to enable them to live without on-site staffing; require and are able to utilize staff support to strengthen these independent skills; exhibit a strong level of self-regulation; are enrolled in school or a GED program, or have completed the above and are working or involved in vocational training.
IFC Contracted	Home based services where the family resource has an assigned worker from the contracted agency. These services are generally provided for children and youth for whom the traditional foster care environment is not suitable or sufficiently supportive.

# MA DCF Quarterly Profile Report Metric	Description
Congregate Care Group Home	Placement Services which provide an array of out-of-home treatment services supporting youth and their families (in cases where the families are available) when the youth cannot function safely at home, or in a family setting. Group Home Services provide flexible individualized treatment, rehabilitation, and support/supervision services that vary in intensity based upon individual youth and family needs.
Congregate Care Continuum	Placement services which provide an array of community-based wraparound services that are designed to maintain youth within their homes and support families as the primary caregivers. This includes in-home family treatment, parent support, youth mentoring, youth and family outreach, care coordination, and linkage with both formal and informal community resources and supports. For youth who cannot be maintained safely at home, services available within Continuum include long-term and short-term out-of-home care (e.g., group home, pre-independent living, intensive foster care, respite). These out-of-home care services are provided in conjunction with the aforementioned community-based wraparound services for the youth and family.
Congregate Care Residential	Out-of-home treatment services which are integrated with an on-site special education school. Youth served in Residential School Services have been determined jointly with the Local Educational Authority (LEA) and the referring agency to need a self-contained, integrated treatment and educational program due to severity of behavioral risk to self or others preventing them from safely attending school off-site.
Congregate Care STARR	Short-term placement service for youth needing immediate/emergency temporary placement and/or stabilization services, as well as for youth who require more intense services. All youth referred will receive stabilization services, while some youth will require additional assessment, treatment, and family reintegration services.
Congregate Care Teen Parenting	Program which provides teen parents and their children a safe place to reside where they are able to gain the skills and knowledge necessary to become competent parents and lead productive, independent lives. Program staff ensure that teen parents are connected with resources in the community such as education, medical care, childcare, and counseling.
Non Referral Location (e.g., hospitalization, other state agency)	Any location other than home in which a child remains in the custody of DCF, but either does not have or is not utilizing a paid placement service.
Missing/Absent from Approved Placement	Children are "Missing" from Department Care or custody if their whereabouts are unknown. These include: Children who may have been abducted; Children who may have run away or be "on the run" from a Department placement whose whereabouts are unknown; Children whose whereabouts are unknown whether or not they make periodic contact with the Department or a placement resource; parent(s)/caregiver(s) or custodian, and a child who has come under Department jurisdiction on an emergency basis under MGL c.119, 51B, and the child's whereabouts become unknown before the initial court hearing.
	Children are "Absent from Approved Placement" if they have left (or run away from) their approved placement or their parent(s)/caregiver(s), but their whereabouts are known and they refuse to return.
22. Race	
ZZ. Nace	Count (and rate) of self-reported RACE for Consumer Children and Youth In-Placement on the last day of the Quarterly Profile's target quarter, stratified by age category (i.e., Children <18, Youth ≥18). NOTE: Hispanic/Latino/Latina includes all races
