Board of Fire Prevention Regulations  
527 CMR 1:00 Request for Interpretation  
Department of Fire Services  
PO Box 1025, State Road  
Stow, MA 01775

Background: 527 CMR 1.00, 10.23.1

**Question #1:** Where 527 CMR 1.00: 10.23.1 states “or any room used for similar purposes wherein corrosives or flammable liquids are handled,” is it the intent that the application of this requirement be limited to schools, colleges, and universities based on the preceding language, or is this requirement intended to apply to other occupancies such as commercial labs and industrial facilities in which corrosives and flammable liquids are handled?

**Response:** No response. The Board has voted to send this back to the Committee for interpretation and has requested that the submitter separate the questions into multiple requests. The submitter may clarify the questions if so desired.

Sincerely,

*Larry S. Fisher*

Larry S. Fisher, Chairman  
Board of Fire Prevention Regulations
