For residents of Massachusetts:

State laws require us to inform you of your right to obtain a police report if you are a victim of identity theft. You also have the right to place a security freeze on your credit report. A security freeze prevents copies of your credit report from being provided without the use of a PIN number that is issued to you when you initiate a freeze; however, using a security freeze may delay your ability to obtain credit.

To place a security freeze on your credit report, you need to send a request to a consumer reporting agency by certified mail, overnight mail, or regular stamped mail. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. Federal law mandates that a consumer reporting agency must allow a consumer to place, lift, or remove a security freeze "free of charge."
