Dear <<FirstName>> <<LastName>>,

We are writing to inform you of a data security incident at Lutheran Life Communities that may have resulted in unauthorized access to your personal information. We take the security of your personal information very seriously and sincerely apologize for any inconvenience this incident may cause. This letter contains information about what happened, steps we have taken, and the resources we are making available to you.

On December 14, 2018, we discovered that an employee's email account was accessed by an unknown person without authorization. We immediately notified our information technology team who quickly blocked any further access to the email account. We conducted a detailed investigation to determine what information may have been accessible to the unauthorized user and we discovered that personal information of current and former employees was contained in the compromised emails. This information consisted of payroll information and includes your name, Social Security Number, and banking information.

To help relieve concerns following this incident, we have secured the services of Kroll to provide identity theft restoration and credit monitoring at no cost to you for one year. Fraud Alert. You may place a fraud alert in your file by calling one of the three nationwide credit reporting agencies above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Security Freeze. You have the ability to place a security freeze on your credit report.

A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may be able to use an online process, an automated telephone line, or a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue.
