Dear <<FirstName>> <<MiddleName>> <<LastName>> <<NameSuffix>>,

The National Baseball Hall of Fame ("Hall of Fame") values and respects the privacy of your information, which is why we are writing to advise you of a recent incident that may have involved some of your personal information. On June 18, 2019, we learned that some of your information could have been obtained by an unauthorized third-party that placed malicious computer code on the Hall of Fame web store (shop.baseballhall.org) e-commerce system. The code may have targeted certain personal information of customers who made a credit card purchase via the web store between November 15, 2018 and May 14, 2019.

We are notifying you about the incident because we determined that you entered some personal information on the checkout page during the time the code was active on our web store. This information included your name, address, and your credit or debit card information including your CVV code and expiration date. The incident did not impact your Social Security Number or driver's license information.

Upon learning of the incident, we promptly retained a forensic security firm to investigate the incident and have notified law enforcement. We also removed the malicious code from our web store. Additionally, we have taken steps to alert the credit card brands of the incident so they can monitor your account for potential fraudulent activity. Finally, we have taken additional technical steps to further secure our web store and prevent this type of incident from occurring in the future.

We value the trust you place in us to protect your privacy, take our responsibility to safeguard personal information seriously, and apologize for any inconvenience or concern this incident might cause. For further information and assistance, please call 1-???-???-???? from 9:00 a.m. to 6:30 p.m. ET, Monday through Friday.

Sincerely,

Sean J. Gahagan
Vice President, Retail Merchandising and Licensing
National Baseball Hall of Fame and Museum

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:
