Complimentary Credit Monitoring Service

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online three-bureau credit monitoring service (*myTrueIdentity*) for two years provided by TransUnion Interactive, a subsidiary of TransUnion®, one of the three nationwide credit reporting companies.

To enroll in this service, go to the *myTrueIdentity* website at www.mytrueidentity.com and in the space referenced as "Enter Activation Code", enter the following unique 12-letter Activation Code <<Activation Code>> and follow the three steps to receive your credit monitoring service online within minutes.

If you do not have access to the Internet and wish to enroll in a similar offline, paper based, three-bureau credit monitoring service, via U.S. Mail delivery, please call the TransUnion Fraud Response Services toll-free hotline at 1-855-288-5422. When prompted, enter the following 6-digit telephone pass code <<Engagement Number>> and follow the steps to enroll in the offline credit monitoring service, add an initial fraud alert to your credit file, or to speak to a TransUnion representative if you believe you may be a victim of identity theft.

You can sign up for the online or offline credit monitoring service anytime between now and <<Enrollment Deadline>>. Due to privacy laws, we cannot register you directly. Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion®, Experian® and Equifax®, or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score.

Once you are enrolled, you will be able to obtain two years of unlimited access to your TransUnion credit report and credit score. The daily three-bureau credit monitoring service will notify you if there are any critical changes to your credit files at TransUnion, Experian and Equifax, including fraud alerts, new inquiries, new accounts, new public records, late payments, change of address and more. The service also includes access to an identity restoration program that provides assistance in the event your identity is compromised to help you restore your identity and up to \$1,000,000 in identity theft insurance with no deductible. (Policy limitations and exclusions may apply.)

Credit Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, so that no new credit can be opened in your name without the use of a PIN that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit.

There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number
3. Date of birth
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years
5. Proof of current address such as a current utility bill or telephone bill
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning identity theft

The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five business days and provide you with a unique personal identification number ("PIN") or password or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, or to lift a security freeze for a specified period of time, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to the credit reporting agencies and include proper identification (name, address, and Social Security number) and the PIN or password provided to you when you placed the security freeze as well as the identity of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to each of the three credit bureaus and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to remove the security freeze.
