Dear [REDACTED],

I am writing to notify you that BayPath Elder Services became aware on October 23, 2019 that a fax containing your name and MassHealth ID number was sent to the wrong recipient. The document in question was a MassHealth Payment of Adult Day Health Services form that was sent to the MassHealth Enrollment Center when it should have been sent to the Adult Day Health Center.

The mistake was immediately identified and we contacted the MassHealth Enrollment Center and verified that the document was not viewed and it was electronically deleted.

BayPath Elder Services takes very seriously our responsibility to safeguard your information. Once we became aware of this incident, we immediately took steps to correct the error. As a result of this error, we are reviewing our policies and procedures and will make adjustments as needed.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. No police report was filed.

You may also place a security freeze on your credit reports, free of charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

You must place your request for a freeze with each of the three major consumer reporting agencies: Equifax (www.equifax.com); Experian (www.experian.com); and TransUnion (www.transunion.com). To place a security freeze on your credit report, you may send a written request by regular, certified or overnight mail at the addresses below. You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:

The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password (or both) that can be used by you to authorize the removal or lifting of the security freeze. It is important to maintain this PIN/password in a secure place, as you will need it to lift or remove the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (including name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available.
