2. You may contact the fraud departments of the three major credit reporting agencies to discuss your options. You should review your credit report and may obtain your report by contacting any of the credit reporting agencies listed below. You may also receive a free annual credit report at [www.annualcreditreport.com](http://www.annualcreditreport.com). You have the right to place a free 90-day fraud alert on your credit file. 3. You may wish to learn more about identity theft. The Federal Trade Commission has on-line guidance about the steps that consumers can take to protect themselves against identity theft. We also encourage you to report suspected identify theft to the Federal Trade Commission.

**FOR MASSACHUSETTS RESIDENTS ONLY**

4. Under Massachusetts law you have a right to place a security freeze on your consumer credit report. The security freeze will prohibit a consumer reporting agency from releasing any information in your consumer report without your express authorization. A security freeze may be requested by sending a request by certified mail, overnight mail or regular stamped mail to a consumer reporting agency. The security freeze is designed to prevent credit, loans or services from being approved in your name without your consent. You should be aware that using a security freeze may delay, interfere with, or prevent the timely approval of any subsequent credit request or application you make regarding new loans.

5. In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.); Social Security number and date of birth;
2. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
3. Proof of current address, such as a current utility bill or telephone bill;
4. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
5. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning the identity theft;
6. If you are not a victim of identity theft, include payment by check, money order, or credit card (Visa, MasterCard, American Express or Discover only).

The credit reporting agencies have 3 business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within 5 business days and provide you with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze. A consumer reporting agency must allow a consumer to freeze, lift or remove a freeze from a consumer report free of charge.

6. If you discover suspicious activity on your credit report, your accounts or by any other means, you may wish to file a police report. You have a right to obtain a copy of any police report you file.

We will continue to monitor the effects of the compromise and want to ensure that you are aware of the resources available to you.
