RE: Notice of Data Security Incident

FULLNAME:

Sprint Corporation ("Assurance Wireless") with its vendor, The Results Companies ("TRC"), recently discovered a data security incident that may have involved your personal information. Sprint takes the privacy and security of personal information very seriously. We therefore wanted to notify you of this matter, offer you complimentary identity protection services for 12 months, and provide you with steps you can take to protect your personal information.

What Happened: On August 13, 2019, TRC discovered an attempted fraudulent wire transfer by a malicious actor. TRC engaged a digital forensics firm to assist with its investigation, which revealed that a malicious actor obtained access to a TRC employee email account without authorization. After thorough investigation, on February 25, 2020, Sprint, working with TRC, determined that although this unauthorized access appears to have been made only with the intent to defraud TRC and not any Sprint customers, it is possible that in the course of this attempt, some of your personal information may have been accessed without authorization.

Additional resources and links:

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print this form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>. You also can contact one of the following three national credit reporting agencies:

TransUnion	Experian	Equifax	Free Annual Report
P.O. Box 1000	P.O. Box 9532	P.O. Box 740241	P.O. Box 105281
Chester, PA 19016	Allen, TX 75013	Atlanta, GA 30374	Atlanta, GA 30348

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: Under U.S. law, you have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state attorney general about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the attorney general in

your state. Residents of California, Kentucky, Maryland, New Mexico, North Carolina, Oregon and Rhode Island can obtain more information from the contact information below.
