Dear <<Name 1>>:

District Medical Group ("DMG") is committed to protecting the confidentiality of our patients' information. Regrettably, we are writing to inform you of an incident involving some of that information. This notice explains the incident, measures we have taken, and some steps you can take in response.

On March 11, 2020, we learned that an unauthorized person may have gained access to some DMG employees' email accounts through an email phishing incident. We immediately secured the accounts, began an investigation, and a leading cyber security firm was engaged to assist in our investigation. The investigation confirmed the unauthorized person may have accessed a limited number of DMG employee email accounts between February 4, 2020, and February 10, 2020.

Our investigation determined that some of your information was contained in the email accounts, and may have included your name, Social Security number, medical record number, health insurance information, and limited medical information. Your financial information and medical records were **not** contained in the email accounts.

We have no indication that your information has been misused. However, in an abundance of caution, we are offering you a complimentary two-year membership of Experian's® IdentityWorks<sup>SM</sup> Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, as well as information on additional steps you can take, please see the information provided in the pages that follow this letter. We also recommend that you review the statements you receive from your health insurer. If you see services you did not receive, please contact the insurer immediately.

To help prevent something like this from happening again, we are implementing additional email security, reinforcing education with our employees on how to identify and avoid phishing emails, and enhancing our security infrastructure and systems.

We deeply regret any concern or inconvenience this incident may cause you. If you have any questions about this incident, please call 855-917-3471, Monday through Friday, between 6:00 a.m. to 6:00 p.m., Pacific Time.

Sincerely,

### ***Fraud Alerts and Credit or Security Freezes:***

**Fraud Alerts:** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

**Credit or Security Freezes:** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

*How do I place a freeze on my credit reports?* There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

*How do I lift a freeze?* A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
