The privacy and security of your information is extremely important to Moorestown Visiting Nurse Association ("MVNA"). That is why we are writing to inform you about this incident, offer you complimentary identity monitoring services, and provide you with information relating to steps that can be taken to help protect your information.

What Happened? MVNA has been notified by Crossroads Technologies, a vendor who provides data hosting, that it experienced a ransomware attack on November 29, 2019. On March 19, 2020, Crossroads Technologies confirmed that after conducting an investigation, they believe that our patient database was accessible by the ransomware attacker. What Information Was Involved? The information that may have been accessible by the ransomware attacker includes patient names, addresses, dates of birth, Social Security numbers, patient ID numbers, and medical records.

What Are We Doing? In addition, we are offering you two years of complimentary identity monitoring services through Kroll. Kroll is a global leader in risk mitigation and response. Steps You Can Take to Further Protect Your Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print this form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>. You also can contact one of the following three national credit reporting agencies:

TransUnion P.O. Box 1000 Chester, PA 19016 1-800-916-8800 www.transunion.com	Experian P.O. Box 9532 Allen, TX 75013 1-888-397-3742 www.experian.com	Equifax P.O. Box 105851 Atlanta, GA 30348 1-800-525-6285 www.equifax.com	Free Annual Report P.O. Box 105281 Atlanta, GA 30348 1-877-322-8228 www.annualcreditreport.com

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: Under U.S. law, you have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state. Contact information for the FTC is: Federal Trade Commission, 600 Pennsylvania Ave, NW, Washington, DC 20580, www.consumer.ftc.gov and www.ftc.gov/idtheft, 1-877-438-4338. Residents of New York, Maryland, North Carolina, and Rhode Island can obtain more information from their Attorneys General using the contact information below.

You also have certain rights under the Fair Credit Reporting Act (FCRA): These rights include to know what is in your file; to dispute incomplete or inaccurate information; to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information, as well as others.
