Dear <<First Name>> <<Last Name>>:

What Happened?

I am writing to inform you of an incident involving your personal information. In July 2020, staff members in my office uploaded a password protected copy of a client list to an application in Google in order to facilitate the sharing of the list among the office staff. While there was no intent for misuse, it is against Ameriprise Financial policy to use Google applications for this purpose. There is no indication that the information was accessed by anyone other than the office staff and the file has been deleted from the Google application. Due to the sensitive nature of the information, I wanted to notify you of this incident.

What Information Was Involved?

The file could have contained your name, address, phone numbers, email address, date of birth, social security number, employment status and employer.

What We Are Doing.

We have taken steps to protect your accounts from unauthorized activity, which includes instructing our service associates to use extra caution when verifying callers and to confirm the signature on written requests related to your accounts.

As a precaution, Ameriprise Financial is providing you an opportunity to enroll in an independently operated credit monitoring program for two years at no expense to you. This program is administered by EZ Shield, Inc. The services include resolution assistance by certified fraud experts, Internet Monitoring which will alert you if your information is being traded on the dark web, and credit monitoring to keep you informed of changes to your information within the Experian credit bureau. To obtain these services, please go to <https://myidentity.ezshield.com/protection> and insert code: AMEREZS081920R2

What You Can Do.

None of us like to hear about incidents involving our personal information. And in situations like this, taking a few prudent steps can further protect you against the potential misuse of your information. That's why we recommend the following actions:

- Register a Fraud Alert or Security Freeze with the three major credit bureaus. Contact information on the Additional Resources page.
- Thoroughly review your account statements and transaction confirmations.
- Closely monitor all of your personal accounts (e.g. checking and savings, credit cards, etc.) to make sure there is no unauthorized activity.
- Review any solicitations you receive in the near future.
- Be vigilant if you receive a call from someone who claims to represent Ameriprise Financial. If you have any doubts about the caller, hang up and call your advisor to verify the validity of the call.
- If you notice any unusual activity, contact your advisor or Ameriprise Financial Customer Service at (800) 862-7919 immediately. We are here to help.

For More Information.

Please do not hesitate to contact me at 717-533-4070. Please accept my sincere apology regarding this situation and any inconvenience it may cause you.

Sincerely,

A handwritten signature in black ink that reads "CAT" followed by a stylized flourish.

SECURITY FREEZE

Many state laws also allow consumers to place a security freeze on their credit reports. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a freeze, write, go online or call the three credit bureaus below. Documents will be requested to verify your identity and address, possibly including but not limited to: copies of your Social Security card, paystub, state driver's license, or utility bill.
