Dear [Name],

I am contacting you on behalf of the Executive Office of Health and Human Services, Office of Medicaid (MassHealth), to notify you of an incident involving your personal information. The information in this letter is important – please read the entire letter.

On or around May 28, 2018, we discovered that some of your personal information and protected health information, including name, address, dates of birth, social security number, and wage information, was inappropriately accessed by a MassHealth employee. When we learned of this incident, we immediately took action to determine how it occurred and to ensure that it did not happen again. As a result of the incident we updated our employee trainings and security standards.

You are receiving this notification now because EOHHS was required by law to delay notification until recently.

I am contacting you in accordance with Massachusetts and federal law to notify you of some things you can do if you are concerned about the potential misuse of your personal information. You may wish to contact one or more of the three major consumer reporting agencies to take the following steps:

- Notify them of the loss of your personal information and request an initial fraud alert to be placed on your credit for 90 days.
- Order a credit report and review it for any signs of fraud on any accounts. For example, look for inquiries listed on the credit report from businesses that accessed your credit without your request.
- Request a security freeze which will restrict the opening of new accounts using your information. *There is no charge to request a security freeze.* Please note that requesting a security freeze on your credit may delay, interfere with or prevent timely approval of any requests made by you for new loans, credits, employment, housing or other services.

How to place a security freeze on your credit report.

To place a security freeze on your credit report, you must send a request to **each** of the three major consumer reporting agencies. These agencies are: Equifax (www.equifax.com); Experian (www.experian.com); and TransUnion (www.transunion.com).

You may send a written request by regular, certified, or overnight mail to the addresses below. You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:
