Dear <<Name>>:

I am writing you to make you aware of a recent data security incident. We recently discovered that an employee's email account was temporarily accessed without authorization. Upon detection, we promptly contained the incident by securing the account to prevent further access. We also engaged a leading forensic firm to determine the scope of the incident and confirm the security of our systems.

The forensic evidence suggests that Andrews Agency was the target of this incident and the bad actor was seeking to defraud the firm by attempting to access emails that would facilitate financial fraud. We have no reason to believe that the attacker was looking for personal information and we do not know if any information was ever actually viewed or acquired by the attacker. Nevertheless, because someone had temporary access to the email account, we searched for any personal information in the account that could have been viewed. On August 14, 2019, we determined that some of your personal information was in the email account, including your name and driver's license number.

Although we are not aware of any instances of identity theft, we are offering you a **complimentary** two-year membership of Experian IdentityWorks<sup>SM</sup> Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.**

We value the trust you place in us and take our responsibility to safeguard your personal information seriously. We wish to assure you that we employ numerous tools to safeguard non-public information, including encrypted email, cloud-based secured data management, firewalls, robust anti-virus software and frequent backups. We apologize for any inconvenience or concern this incident might cause. For further assistance, please call 607-273-7551 from 08:00 AM to 04:00 PM, Monday – Friday.

Sincerely,

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:
