Re: NOTICE OF DATA BREACH

Dear <<FirstName>> <<LastName>>,

We recently became aware of a cyber-attack targeting the email account of an individual associated with our production company <<company 1>>. We are writing because we believe that your personal information was involved in the incident. This notice provides important information regarding what happened, what information may have been affected, what measures we are taking and what you can do in response.

What Happened

This cyber-attack involved the unauthorized access of an email account of an individual associated with <<company 1>>. We became aware of this incident on September 23, 2020 when we were notified that an unauthorized entity successfully sent several spam emails from the affected email account to various email addresses unfamiliar to the account holder. Since this unauthorized entity had access to the account holder's mailbox, it is possible that data contained within the mailbox may have been acquired and disclosed to others. Upon becoming aware of this incident, we took immediate action to secure the account and investigate the incident. As a result of the investigation, we determined that there was unauthorized access to the email account from September 17, 2020 to September 23, 2020, when the account was locked. The affected email account contained information about some of the individuals with whom we have a business relationship, including you.

What Information Was Involved

Although we are still investigating the incident, our current understanding is that your affected personal information includes one or more of the following: your Social Security number, government-issued identification information (such as a driver's license number, passport number, or tax identification number), date of birth, and financial account information (such as a bank account number or payment card number).

What We Are Doing

As soon as we learned of the cyber-attack, we took immediate steps to secure the email account and launch an investigation. We are also reviewing and updating our security practices. In addition, we are providing you with a subscription to credit monitoring and identity theft protection services, as described below.

What You Can Do

As always, we encourage you to remain vigilant by reviewing your account statements and credit reports closely. We are offering you the ability to sign up for, free of charge, LifeLock Defender™ Preferred credit monitoring and identity theft protection services from NortonLifeLock. So that you can take proactive steps to help protect your personal information, at the end of this letter we have provided you with additional information regarding steps you can take to further protect yourself and how to sign up for the services. We encourage you to review that information.

For More Information

We take very seriously the security and privacy of your information, and deeply regret any inconvenience this may cause. If you have any questions, please contact us at 800-586-2658 (a toll-free number), dataprotection@uamg.com, or UAMG, LLC, Attn: Data Protection Officer, 245 N. Beverly Dr., Beverly Hills, CA 90210.

Box 105281, Atlanta, GA 30348.

You may also contact the three U.S. credit reporting agencies to request a credit report:

- TransUnion LLC, Consumer Disclosure Center, P.O. Box 1000, Chester, PA 19016; (800) 888-4213; <https://www.transunion.com/#>.
- Experian, P.O. Box 2002, Allen, TX 75013; (888) 397-3742; <https://www.experian.com/consumer-products/free-credit-report.html>.
- Equifax Information Services LLC, P.O. Box 740241, Atlanta, GA 30348-0241; (888) 349-5191; <https://www.equifax.com/personal/credit-report-services/>.

If you discover inaccurate information or a fraudulent transaction on your credit report, you have the right to request that the consumer reporting agency delete that information from your credit report file.

Fraud alerts: As a precautionary step, to protect yourself from possible identity theft you can place a fraud alert on your bank accounts and credit file. A fraud alert tells creditors to follow certain procedures before opening a new account in your name or changing your existing account. You may call any one of the three major credit bureaus listed below to place a fraud alert on your file. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. All three credit reports will be sent to you, free of charge, for your review.

- TransUnion Fraud Victim Assistance, P.O. Box 2000, Chester, PA 19016; (800) 680-7289; <https://www.transunion.com/fraud-victim-resource/place-fraud-alert>.
- Experian, P.O. Box 9554, Allen, TX 75013; (888) 397-3742; <https://www.experian.com/fraud/center.html>.

Credit/security freeze: In some US states, you have the right to put a security freeze on your credit file. A security freeze (also known as a credit freeze) makes it harder for someone to open a new account in your name. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to apply for a new credit card, loan, wireless phone, or any service that requires a credit check. You must separately place a security freeze on your credit file with each credit reporting agency. To place a security freeze on your file you may be required to provide the consumer reporting agency with information that identifies you including your Social Security Number. There may be a fee for this service based on state law. To put a security freeze on your credit file contact the consumer reporting agencies listed below.

- TransUnion, P.O. Box 160, Woodlyn, PA 19094; (888) 909-8872; <https://www.transunion.com/credit-freeze/>.
- Experian, P.O. Box 9554, Allen, TX 75013; (888) 397-3742; <https://www.experian.com/freeze/center.html>.
