Dear [REDACTED],

Atlantic Federal Credit Union values and respects the privacy of your information, which is why we are writing to advise you of a recent incident that may have involved some of your personal information. We have no reason to believe that your personal information has been or will be misused. Nonetheless, we are writing to advise you about the incident and to provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

On November 1, 2020, we learned that a misconfiguration in the processing of e-statements temporarily gave certain members access to the electronic statements of certain other members. Upon discovering the incident, we immediately removed e-statement access and we began an investigation. Based on our investigation, the misconfiguration that caused the error was in place from 11/1/20, 12:57 AM – 11/1/20, 12:30 PM and only impacted a small number of members. We have determined that another member may have viewed your electronic account statement. As you know, the information on your account statement includes your name, address, member number, and recent transaction history. This incident did not involve your Social Security number.

We have already contacted the other member and requested that they disregard any information they may have viewed and delete any information they may have downloaded. We have no reason to believe the member has misused or will misuse any of your information. While we believe the risk to your account is low, you have the option of changing your member number. If you would like to discuss changing your member number, or if you have any other questions regarding this incident, please contact us at the number below.

Although we are not aware of any instances of fraud or identity theft and we believe the risk to you is low, we are offering you a complimentary two-year membership of Experian IdentityWorks<sup>SM</sup> Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please contact us at the number provided below.

Atlantic values the trust you place in us to protect your privacy. We take our responsibility to safeguard your personal information seriously, and have taken immediate steps to review our policies and procedures to reduce the likelihood that this type of incident will occur in the future. I apologize for any inconvenience or concern this incident might cause. As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:

The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail or, if available, comply with the consumer reporting agencies' online procedures for lifting a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time
