Dear [Name],

Roetzel & Andress, LPA ("Roetzel") is writing to inform you of a recent event that may involve some of your personal information. We at Roetzel take the security of personal information very seriously and deeply regret that this incident occurred. This letter contains information about the incident that occurred, the personal information that may have been impacted, what steps Roetzel is taking to address this incident, and the additional precautions you can take to help protect your information, should you feel it is appropriate to do so.

The security of information in our care is among our highest priorities. Roetzel engaged a leading cyber security forensics firm to conduct its forensic investigation. Additionally, Roetzel has also taken a number of measures designed to eliminate the unauthorized third party's access to Roetzel's email system, to understand any and all personal information that may have been compromised, and to monitor for signs of further unauthorized access or activity. We are also reviewing our existing policies and procedures and will implement additional safeguards, as needed.

Although we are unaware of any actual or attempted misuse of your personal information as a result of this incident, we are offering you access to two years of complimentary credit monitoring services through TransUnion. In addition, we have provided notice to appropriate regulatory authorities.

Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score.

We encourage you to remain vigilant against incidents of identity theft, to review your account statements, and to monitor your credit reports for suspicious activity and to detect errors. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

- 1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
- 2. Social Security number;
- 3. Date of birth;
- 4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
- 5. Proof of current address, such as a current utility bill or telephone bill;
- 6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.);
- 7. If you are a victim of identity theft, a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft;

The credit reporting agencies have one (1) to three (3) business days after receiving your request to place a security freeze on your credit file report, based upon the method of the request. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with the process by which you may remove the security freeze, including an authentication mechanism. Upon receiving a direct request from you to remove a security freeze and upon receiving proper identification from you, the consumer reporting agency shall remove a security freeze within one (1) hour after receiving the request by telephone for removal or within three (3) business days after receiving the request by mail for removal.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
