Dear <<Name 1>>:

DOROT, Inc. ("DOROT") writes to inform you of a recent incident that may affect the privacy of some of your information. On July 16, 2020, DOROT received notification from one of its third-party vendors, Blackbaud, Inc. ("Blackbaud"), of a cyber incident. Blackbaud is a cloud computing provider that offers customer relationship management and financial services tools to organizations, such as DOROT. Upon receiving notice of the cyber incident, we immediately commenced an investigation to better understand the nature and scope of the incident and any impact on DOROT data. On September 29, 2020, Blackbaud provided additional details about the incident which allowed DOROT to determine certain DOROT vendor information may be affected by the incident.

The confidentiality, privacy, and security of information in our care are among our highest priorities, and we take this incident very seriously. As part of our ongoing commitment to the security of information in our care, we are working to review our existing policies and procedures regarding our third-party vendors, and are working with Blackbaud to evaluate additional measures and safeguards to protect against this type of incident in the future. We will also be notifying state regulators, as required.

As an added precaution, we are also offering you complimentary access to twenty-four (24) months of credit monitoring and identity theft restoration services provided by Blackbaud, through CyberScout. We encourage you to enroll in these services, as we are not able to act on your behalf to enroll you. We are providing you with access to **Single Bureau Credit Monitoring** services at no charge. Services are for 24 months from the date of enrollment. When changes occur to your Experian credit file, notification is sent to you the same day the change or update takes place with the bureau. In addition, we are providing you with proactive fraud assistance to help with any questions you might have. In the event you become a victim of fraud you will also have access remediation support from a CyberScout Fraud Investigator. To enroll:

Once registered, you can access Monitoring Services by selecting the "Use Now" link to fully authenticate your identity and activate your services. **Please ensure you take this step to receive your alerts.**

We also encourage you to remain vigilant against incidents of identity theft, to review your account statements, and to monitor your credit reports and Explanation of Benefits forms for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit

www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit.
