RE: Important Security Notification
Please read this entire letter

Dear <<First Name>> <<Last Name>>:

Community Behavioral Health, Inc. ("CBH") is writing to inform you of a recent event that may impact the security of some of your personal information. While we are unaware of any fraudulent misuse of your personal information, we are providing you with details about the event, steps we are taking in response, and resources available to help protect you from the possibility of identity theft and fraud, should you feel it is appropriate to do so. CBH is a business associate of the City of Philadelphia (the "City")'s Department of Behavioral Health and Intellectual Disability Services ("DBHIDS"), and provides assistance to DBHIDS in administering the behavioral health Medicaid program (HealthChoices) for the Philadelphia region. In particular, although CBH does not provide direct care, CBH helps arrange and pay for behavioral health care.

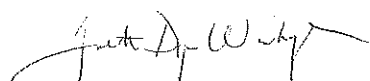

The privacy of the people we serve is very important to us and we will continue to do everything we can to protect it. Upon learning of this event, we moved quickly to confirm and enhance the security of our systems, which included resetting impacted employees' email account passwords, increasing monitoring of network activity, and implementing tools to enhance email security. As described above, the City also launched an in-depth investigation to determine the full nature and scope of this incident. As part of our ongoing commitment to information privacy and security, we are reviewing our existing policies and procedures to identify ways to better prevent similar incidents from occurring in the future.

Out of an abundance of caution, we are also providing you with 24 months of complimentary access to credit monitoring and identity restoration services through IDX, as well as guidance on how to help protect against the possibility of information misuse. While CBH is covering the cost of these services, you will need to complete the activation process on your behalf. You can learn more about how to protect against the possibility of information misuse in the enclosed *Steps You Can Take to Protect Personal Information*. There, you will also find more information about the credit monitoring and identity restoration services we are offering and how to enroll.

We understand that you may have questions about this incident that are not addressed in this letter. If you have additional questions, please call our dedicated call center, toll-free, at 1-833-664-2001, Monday through Friday from 9 am - 9 pm Eastern Time, excluding U.S. holidays.

We apologize for any inconvenience this incident may cause you. We remain committed to the privacy and security of information in our possession.

Sincerely,

Dr. Faith Dyson-Washington, Chief Executive Officer
Community Behavioral Health, Inc.

Steps You Can Take to Help Protect Personal Information

Monitor Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements and explanations of benefits, and to monitor your credit reports for suspicious activity. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.);
7. If you are a victim of identity theft, a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
