**Fraud Alert:** You may place a fraud alert in your file by contacting one of the three nationwide credit reporting agencies listed above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you but also may delay you when you seek to obtain credit.

**Security Freeze:** You have the ability to place a security freeze on your credit report at no charge. A security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent but may delay your ability to obtain credit. To place a security freeze, you must contact each of the three credit bureaus listed above and may be required to provide your full name; SSN; date of birth; the addresses where you have lived over the past five years; proof of current address, such as a utility bill or telephone bill; a copy of a government issued identification card; and if you are the victim of identity theft, the police report, investigative report, or complaint to a law enforcement agency.

- The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.
- To remove the security freeze, you must send a written request to each of the three credit bureaus by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have three (3) business days after receiving your request to remove the security freeze.

**Fraud or Identity Theft:** If you suspect incidents of identity theft, you should file a report to law enforcement, the FTC, or the Attorney General. If you are the victim of fraud or identity, you have the right to (1) notify the police and Attorney General of your state; and (2) to obtain and file a police report relating to this incident.

**Federal Fair Credit Reporting Act Rights:** The Fair Credit Reporting Act (FCRA) is federal legislation that regulates how consumer reporting agencies use your information. As a consumer, you have certain rights under the FCRA, which the FTC has summarized as follows: you must be told if information in your file has been used against you; you have the right to know what is in your file; you have the right to ask for a credit score; you have the right to dispute incomplete or inaccurate information; consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information; consumer reporting agencies may not report outdated negative information; access to your file is limited; you must give your consent for reports to be provided to employers; you may limit "prescreened" offers of credit and insurance you get based on information in your credit report; you may seek damages from violators. Identify theft victims and active duty military personnel have additional rights. For more information about these rights, you may go to [www.ftc.gov/credit](http://www.ftc.gov/credit) or write to: Consumer Response Center, Room 13-A, Federal Trade Commission, 600 Pennsylvania Ave. N.W., Washington, D.C. 20580.
