Dear Sample A. Sample:

Assistcare Home Health Services LLC dba Preferred Home Care of New York/Preferred Gold ("we") has always been and continues to be committed to the privacy and confidentiality of its caregivers. We are writing to notify you about a recent data security incident we experienced which may have involved your personal information. We recognize the concern this may cause, and we write to inform you of the steps we have taken to resolve the incident.

On January 9, 2021 we identified a disruption within our network and learned that an unauthorized third party had accessed our computer network. Upon identifying the issue, we promptly initiated an internal investigation, and hired a leading computer forensics firm to examine our network and to confirm the security of our computer systems. Through the investigation, we confirmed the unauthorized third party no longer has access to our network, but confirmed that they were able to access and acquire certain files on our network for the time period between January 8th and 10th, 2021.

We believe that the likelihood of any one particular individual's information being impacted is very low, but we cannot rule out that possibility. Currently, we are not aware of any fraudulent activity or misuse of anyone's information as a result of the incident. Furthermore, we do not believe that the use of personal information was the primary motive behind the third party's actions. Nonetheless, because your information was saved to computer systems that the unauthorized party was able to access, we are writing to alert you of the incident and encourage you to monitor your personal accounts. The type of information accessed varied depending on the individual, but may have included your name, contact and demographic information such as address, email, phone number, and date of birth; financial information such as bank account number; and Social Security number; and medical information related to health assessments, physicals, drug screens, vaccinations and TB tests, as well as FMLA and worker's compensation claims.

Out of an abundance of caution, we are also offering you a complimentary two-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.**

We value the trust you place in us to protect your privacy, take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience or concern this incident might cause. For further information and assistance, please call (833) 549-2022 from 9am to 11pm EST, Monday - Friday, and 11am to 8pm EST, Saturday and Sunday.
