Dear <<Name 1>>:

Health Aid of Ohio, Inc. ("Health Aid") is writing to notify you of a recent incident involving some of your information. Although at this time there is no indication that your information has been fraudulently misused in relation to this incident, we are providing you with information about the incident, our response to it, and additional measures you can take to protect your information, should you feel it appropriate to do so.

What Happened? On February 19, 2021, Health Aid became aware of suspicious activity relating to its systems and immediately launched an investigation to determine the nature and scope of the activity. Health Aid determined that an unauthorized actor gained access to certain Health Aid systems on or about February 19, 2021, and removed and/or viewed certain files from our network.

Although the investigation has been unable to confirm which specific files were impacted, we could not rule out the possibility that some of your information may have been viewed or taken. Therefore, in an abundance of caution we reviewed the information that is housed on our systems, and it was determined that certain information related to you may have been impacted.

Our investigation determined that the following types of your information may have been impacted by this incident: name, address, telephone number, Social Security number, date of birth, medical diagnosis, insurance information, and the type of equipment we delivered to your house or repaired in your home. What We Are Doing. The confidentiality, privacy, and security of your information are among our highest priorities, and we have security measures in place to protect information in our systems. Upon learning of this incident, we immediately took steps to secure our systems and investigate the incident. Health Aid's vendors deployed advanced endpoint monitoring tools to the network and changed passwords in response to the event. We notified the Federal Bureau of Investigation ("FBI") of this incident, and are also notifying certain regulators, as necessary, including the Department of Health and Human Services.

While we are unaware of any fraudulent misuse of your information as a result of this incident, as an additional precaution, Health Aid is offering you access to <<12/24>> months of complimentary credit monitoring services through TransUnion. Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
