NOTICE OF DATA BREACH

Dear Sample A. Sample,

At the University of Chicago Medical Center (UCMC), we are committed to protecting the confidentiality and security of your personal information. We are sending you this letter to let you know that UCMC was recently the victim of an email security incident that may have resulted in unauthorized access to your personal information. *At this time, we are not aware of any misuse of your personal information.*

WHAT HAPPENED?

From January 4, 2024 to January 30, 2024, an unauthorized individual gained access to the email accounts of a small number of UCMC workers. Upon learning of this incident, we took steps to terminate the unauthorized access, and secure the affected email accounts. We also promptly began an investigation into the incident with assistance from a leading cybersecurity provider and performed an analysis of the impacted email accounts. On March 28, 2024, we determined that your personal information was available in at least one of the affected email accounts.

WHAT INFORMATION WAS INVOLVED?

The affected UCMC workers' email accounts contained the following types of personal information, some of which may have been included about you: first and last name; date of birth; Social Security number; tax identification number; IRS PIN number; passport number; driver's license or state issued identification number; military identification number; non-U.S. national identification number; account number; routing number; financial institution name; credit or debit card number and security code or PIN; access information, such as access credentials, security questions and answers, and digital signatures; health information, such as information about diagnoses and treatment, prescriptions, provider name, medical record number or patient identification number, or hospital account record number; health insurance information, such as Medicare or Medicaid number or health insurance subscriber number. UCMC may have previously collected your information because you were, or a family member of yours was, a patient or otherwise received services from us.

WHAT WE ARE DOING

We have implemented additional security measures to prevent the occurrence of a similar event in the future. For example, we have enhanced our user authentication controls, early alert capabilities, and our threat monitoring and detection processes. GENERAL INFORMATION ABOUT IDENTITY THEFT PROTECTION

You should remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and monitoring your credit report for unauthorized activity.

Credit Reports. Under federal law, you are entitled to one free copy of your credit report every 12 months from each of the three nationwide credit reporting agencies. You may obtain a free copy of your credit report by going to www.AnnualCreditReport.com or by calling (877) 322-8228. You also may complete the Annual Credit Report Request Form available from the FTC at www.consumer.ftc.gov/articles/pdf-0093-annual-report-request-form.pdf, and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

You may contact the nationwide credit reporting agencies at:

Equifax	Experian	TransUnion
P.O. Box 105788 Atlanta, GA 30348 www.equifax.com (800) 525-6285	P.O. Box 9554 Allen, TX 75013 www.experian.com (888) 397-3742	P.O. Box 2000 Chester, PA 19016 www.transunion.com (800) 916-8800

Fraud Alert. You may place a fraud alert in your file by calling one of the three nationwide credit reporting agencies above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Credit Freezes (for Non-Massachusetts and Non-Iowa Residents): You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.* Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as indicated above.

You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national credit reporting agencies listed above.

Credit Freezes (for Massachusetts Residents): Massachusetts law gives you the right to place a security freeze on your consumer reports. A security freeze is designed to prevent credit, loans and services from being approved in your name without your consent. Using a security freeze, however, may delay your ability to obtain credit. You may request that a freeze be placed on your credit report by sending a request to a credit reporting agency by certified mail, overnight mail or regular stamped mail to the respective address indicated above.

Credit Freezes (for Iowa Residents): Iowa law gives you the right to place a security freeze on your consumer reports. A security freeze is designed to prevent credit, loans and services from being approved in your name without your consent. Using a security freeze, however, may delay your ability to obtain credit. You may request that a freeze be placed on your credit report by sending a request to a credit reporting agency by certified mail, overnight mail or regular stamped mail to the respective address indicated above.

Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. The following information should be included when requesting a security freeze (documentation for you and your spouse must be submitted when freezing a spouse's credit report): full name, with middle initial and any suffixes; Social Security number; date of birth (month, day and year); current address and previous addresses for the past five (5) years; and applicable fee (if any) or incident report or complaint with a law enforcement agency or the Department of Motor Vehicles. The request should also include a copy of a government-issued identification card, such as a driver's license, state or military ID card, and a copy of a utility bill, bank or insurance statement. Each copy should be legible, display your name and current mailing address, and the date of issue (statement dates must be recent). Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report.

You may contact the Federal Trade Commission (FTC) and State Attorneys General Offices.
