Notice of Data <<Header>>

Dear <<First Name>> <<Last Name>>:

Disability Rights Wisconsin values Medicaid members, and protecting your personal information is our top priority. The purpose of this letter is to notify you that some of your personal information may be at risk.

We are writing to tell you about a recent data security incident experienced by Disability Rights Wisconsin (“DRW”) a business associate of the Wisconsin Department of Health Services (“DHS”), that may have involved your health information. DRW takes the privacy and security of information within our possession very seriously, which is why we are writing to notify you of the incident, offer complimentary identity monitoring services, and provide you with information about how to protect your information.

What Happened: On November 22, 2023, DRW identified suspicious activity associated with two (2) employees’ email accounts. Upon discovery, DRW promptly took steps to secure the accounts and began an investigation to determine the nature and scope of the issue, and to determine if any sensitive information may have been affected. The investigation determined an unauthorized individual may have viewed or acquired certain messages or attachments. On April 22, 2024, DRW informed DHS that your personal information may have been affected, and then took steps to gather contact information and provide this notification.

What Information Was Involved: The information that was potentially impacted during this incident may have included your name, treatment information, diagnosis, provider name, social security number, account number, financial information, and date of birth.

What We Are Doing: As soon as DRW discovered the incident, DRW took the steps discussed above. In addition, DRW reported the matter to DHS, who is reporting the incident to the U.S. Department of Health and Human Services’ Office for Civil Rights. Additionally, DHS has posted a notice on their website site, and notified the media of this incident.

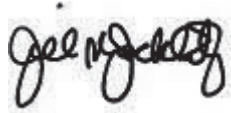

While we have no evidence that any of your information was accessed or misused, out of an abundance of caution, we are offering you the ability to enroll in <<CM Length>> months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services.

What You Can Do: You can follow the recommendations on the page titled, “Steps You Can Take to Help Protect Your Information.” You can also enroll in the IDX identity protection services, which are offered to you at no cost.

To enroll, please call (888) 733-3814 or visit <https://app.idx.us/account-creation/protect> and provide the enrollment code found at the top of this letter. Please note you must enroll by September 21, 2024. You will need to reference the enrollment code provided in this letter when calling or enrolling online, so please do not throw away this letter.

For More Information: If you have questions or need assistance, please call (888) 733-3814, 8:00 AM – 8:00 PM Central Time. Thank you for your understanding in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jill Jacklitz". The signature is stylized and cursive.

Jill Jacklitz, Executive Director
Disability Rights Wisconsin

Madison, Wisconsin 53713

STEPS YOU CAN TAKE TO HELP PROTECT YOUR INFORMATION

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285
www.equifax.com

Experian

P.O. Box 9532
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion

P.O. Box 1000
Chester, PA 19016
1-800-916-8800
www.transunion.com

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
