Dear <Contact Name>

This communication is to inform you of a data security incident that involved your personal information. The information below explains the incident, what actions we have taken in response to the incident, and what resources are available to you.

**What Happened?** On January 29, 2024, we discovered that an unauthorized third party accessed our internal systems and may have obtained access to some of your personal information, including access to a file containing your 2023 Information Return (IRS form 1099).

**What Information Was Involved?** The incident involved access to your name, address, and social security number. We have no evidence that the information has been used to commit fraud.

**What Are We Doing?** Promptly after learning of this issue, we initiated a formal investigation, engaged external cybersecurity experts, and took steps to identify impacted systems and information. We were able to successfully contain the threat on January 30, 2024. Our IT and Cyber Security teams are confident this threat has been sufficiently mitigated and we continue to assess our existing security posture.

**What Can You Do?** You have the right to obtain a police report, and we encourage you to remain vigilant. To help protect your identity, we are offering complimentary access to Experian IdentityWorks<sup>SM</sup> for 24 months.
