Notice of Data Security Incident

Dear Name:

New England Science and Sailing Foundation, Inc. dba NESS ("NESS") has been informed of a data security incident that impacted one of its third-party vendors. NESS's donation and fundraising software is provided by SofterWare Inc.'s DonorPerfect ("DonorPerfect"). DonorPerfect has advised that this incident may have affected your personal information.

NESS has been communicating with potentially impacted individuals as we have learned more about the incident. Now that DonorPerfect's investigation has concluded, we wanted to make you aware of the incident and the measures taken in response, as well as provide details on the steps you can take – should you deem it appropriate – to help protect your information.

What Happened and What information Was Involved

On February 5, 2024, DonorPerfect notified NESS of an incident involving unauthorized activity on its network that compromised certain NESS donors' personal information. The elements of your personal information that might have been impacted include: name, address, and financial account numbers.

What We Are Doing

We have communicated with you regarding this incident, the potential misuse of this information, and identity protection best practices.

DonorPerfect has advised that they have contained and remediated the issue that led to the unauthorized activity, as well as strengthening numerous security protocols. They reported this incident to the FBI and local law enforcement.

DonorPerfect is offering twenty-four (24) months of free identity and credit monitoring for potentially impacted individuals. Credit monitoring services are being provided by ID Experts and include the following:

- i. SINGLE BUREAU CREDIT MONITORING Monitoring of credit bureau for changes to the member's credit file such as new credit inquiries, new accounts opened, delinquent payments, improvements in the member's credit report, bankruptcies, court judgments and tax liens, new addresses, new employers, and other activities that affect the member's credit record.
- ii. CYBERSCANTM Dark Web monitoring of underground websites, chat rooms, and malware, 24/7, to identify trading or selling of personal information like SSNs, bank accounts, email addresses, medical ID numbers, driver's license numbers, passport numbers, credit and debit cards, phone numbers, and other unique identifiers.

- iii. IDENTITY THEFT INSURANCE Identity theft insurance will reimburse members for expenses associated with restoring their identity should they become a victim of identity theft. If a member's identity is compromised, the policy provides coverage for up to \$1,000,000, with no deductible, from an A.M. Best "A-rated" carrier. Coverage is subject to the terms, limits, and/or exclusions of the policy.
- iv. FULLY-MANAGED IDENTITY RECOVERY ID Experts' fully-managed recovery service provides restoration for identity theft issues such as (but not limited to): account creation, criminal identity theft, medical identity theft, account takeover, rental application, tax fraud, benefits fraud, and utility creation. This service includes a complete triage process for affected individuals who report suspicious activity, a personally assigned IDCare Specialist to fully manage restoration of each case, and expert guidance for those with questions about identity theft and protective measures.

If you are interested in this free service, please utilize enrollment code **UZ3K4S2R2W** with ID Experts by enrolling online at https://app.idx.us/account-creation/protect or calling ID Experts toll free at 1-800-939-4170. You may also otherwise contact creditmonitoring@donorperfect.com to enroll.

What You Can Do

To enroll in the complimentary services being offered, please follow the instructions provided above and below. You must enroll within ninety (90) days from the date of this letter. Please note that to activate monitoring services, you will need an internet connection and e-mail account. Additionally, you may be required to provide your name, date of birth, and Social Security number to confirm your identity. Due to privacy laws, we cannot register you directly. Please note that certain services might not be available for individuals who do not have a credit file with the credit bureaus or an address in the United States (or its territories) and a valid Social Security number. Activating this service will not affect your credit score.

As data incidents are increasingly common, we encourage you to always remain vigilant, monitor your accounts, and immediately report any suspicious activity or suspected misuse of your personal information. Additionally, we recommend that you review the following pages, which contain important additional information about steps you can take to safeguard your personal information, such as the implementation of fraud alerts and security freezes.

For More Information

Please know that the protection of your personal information is a top priority, and we understand the impact and concern this that DonorPerfect incident may cause. If you have any questions or requests for NESS, please contact Mary Trichter at 860-535-9362, ext 127.

Sincerely,

Eric Isselhardt

Chief Executive Officer

New England Science and Sailing Foundation, Inc. dba NESS

Additional Important Information

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf); TransUnion (https://www.transunion.com/fraud-alerts); or Experian (https://www.experian.com/fraud/center.html). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are located below.

Monitoring: You should always remain vigilant and monitor your accounts for incidents of fraud and identity theft by reviewing credit card account statements and monitoring your credit report for suspicious or unusual activity.

Security Freeze: You have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
equifax.com/personal/credit-reportservices/
1-800-349-9960

Experian Security Freeze P.O. Box 9554 Allen, TX 75013 experian.com/freeze/center.html 1-888-397-3742 TransUnion Security Freeze P.O. Box 160 Woodlyn, PA 19094 <u>transunion.com/credit-freeze</u> 1-888-909-8872

More information can also be obtained by contacting the Federal Trade Commission listed below.

Implementing an Identity Protection PIN (IP PIN) with the IRS:

To help protect against a fraudulent tax return being filed under your name, we recommend Implementing an Identity Protection PIN (IP PIN) with the IRS. An IP PIN is a six-digit number that prevents someone else from filing a tax return using your Social Security number or Individual Taxpayer Identification Number. The IP PIN is known only to you and the IRS. It helps the IRS verify your identity when you file your electronic or paper tax return. Even though you may not have a filing requirement, an IP PIN still protects your account.

If you don't already have an IP PIN, you may get an IP PIN as a proactive step to protect yourself from tax-related identity theft. If you want to request an IP PIN, please note: you must pass an identity verification process; and Spouses and dependents are eligible for an IP PIN if they can pass the identity verification process. The fastest way to receive an IP PIN is by using the online Get an IP PIN tool found at: https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin. If you wish to get an IP PIN and you don't already have an account on IRS.gov, you must register to validate your identity.

Some items to consider when obtaining an IP PIN with the IRS:

- An IP PIN is valid for one calendar year.
- A new IP PIN is generated each year for your account.
- Logging back into the Get an IP PIN tool, will display your current IP PIN.
- An IP PIN must be used when filing any federal tax returns during the year including prior year returns.
