Re: Notice of Data Security Incident

Dear [REDACTED],

Human Resource Concepts, LLC d/b/a HRC Total Solutions (“HRC”) is writing to inform you of a recent data security incident that may have resulted in an unauthorized access to your sensitive personal information. We are providing you with details about the incident, steps we are taking in response, and resources available to help you protect against the potential misuse of your information.

What Happened?

On or about October 31, 2023, HRC became aware that someone impersonated certain Gordon College employees (account holders) by providing HRC with their account security credentials. Upon learning of this incident, HRC informed Gordon College and conducted an internal investigation to determine the nature and scope of the incident. The investigation determined that, because the imposter already had the employees’ account security credentials, they were able to access the portal to their HSAs . Out of an abundance of caution, we are notifying potentially impacted individuals including you.

What Information Was Involved?

Based on the investigation, the following information related to you may have been subject to unauthorized access: name; date of birth; social security number, financial account information, tax identification number, and medical information.

What We Are Doing

Data privacy and security is among HRC's highest priorities, and we are committed to doing everything we can to protect the privacy and security of the personal information in our care. Since the discovery of the incident, HRC moved quickly to investigate, respond, and confirm the security of our systems. Specifically, HRC had locked the impacted accounts, coordinated with our point of contact at Gordon College to schedule video conferences with impacted account holders before unlocking the accounts, implemented more complex password requirements to secure accounts, reported the incident to the Manchester Police Department, updated policies and procedures regarding account holder screening, and will continue to review, modify, and enhance policies and procedures as deemed necessary to protect the security of accounts.

In light of the incident, we are also providing you with access to Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score services at no charge. These services provide you with alerts for 24 months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout through Identity Force, a TransUnion company specializing in fraud assistance and remediation services.

What You Can Do

We encourage you to change your passwords to all financial accounts as a precautionary measure and remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious or unauthorized activity.

Additionally, security experts suggest that you contact your financial institution and all major credit bureaus to inform them of such a breach and then take whatever steps are recommended to protect your interests, including the possible placement of a fraud alert on your credit file. Please review the enclosed *Steps You Can Take to Help Protect Your Information*, to learn more about how to protect against the possibility of information misuse.

Steps You Can Take to Help Protect Your Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone or online. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years.

Monitoring: You should always remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and by monitoring your credit report for suspicious or unusual activity.

Security Freeze: You have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Further, pursuant to the Fair Credit Reporting Act, the consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information; consumer reporting agencies may not report outdated negative information; access to your file is limited; you must give your consent for credit reports to be provided to employers; you may limit “prescreened” offers of credit and insurance you get based on information in your credit report; and you may seek damages from violators. You may have additional rights under the Fair Credit Reporting Act not summarized here. Identity theft victims and active duty military personnel have specific additional rights pursuant to the Fair Credit Reporting Act. We encourage you to review your rights pursuant to the Fair Credit Reporting Act at www.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf or by writing Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. N.W., Washington, D.C. 20580.
